

UNIVERSITY HONORS COLLEGE

\$5,000 Scholarship Opportunity from Oregon State University

**NSF GRANT: SCHOLARSHIPS IN SCIENCE, TECHNOLOGY, ENGINEERING,
AND MATHEMATICS (S-STEM)**

ABOUT THE S-STEM SCHOLARSHIP

The Transition to University and Careers Program aims to enhance successful transition for qualified science, technology, engineering and mathematics students from a community college, including any of the seventeen partner Community Colleges in Oregon to the University Honors College at Oregon State University. Scholars will participate in a program to ease the transition to University life. Recipients can receive up to \$5,000 for one year. Twenty scholarships may be awarded annually.

WHO IS ELIGIBLE?

Applicants must:

- Currently be enrolled at a community or junior college, including one of the 17 community colleges in Oregon (Degree Partnership students are welcome.)
- Have a cumulative college GPA of 3.25 or above.
- Have unmet financial need as documented by FAFSA.
- Transfer to OSU (Corvallis campus) with a declared major in one of the STEM disciplines.
- Apply to the University Honors College by February 1st.
- Be a U.S. citizen or legal resident.

HOW TO APPLY

Online applications are available at oregonstate.edu/dept/honors/future/scholarships/S-STEM
