Information for International Students 2012-13
Including innovative Pathway programs at Oregon State University
WELCOME TO OREGON STATE UNIVERSITY

At Oregon State University, people come together to solve challenging problems and make a positive difference in the world. Here, you’ll join faculty, students and alumni who are enhancing quality of life, preserving natural resources and driving innovations that spread prosperity.

With nearly 24,000 students from all 50 states and almost 100 countries, Oregon State welcomes a diverse student body that’s known for its friendly, close-knit community. You can choose from more than 200 undergraduate and more than 80 graduate degree programs. You can also take advantage of multiple opportunities for real world, hands-on learning through research projects and internships.

The world is full of possibilities—come to Oregon State and be part of making them a reality.

WHY CHOOSE OREGON STATE UNIVERSITY?

Leading in Research

- One of only 40 public universities nationwide (out of 1,705 institutions ranked) with the Carnegie Foundation’s Tier 1 Very High Research Activity and Community Engagement designations.
- More than $275 million in research funding in 2010.
- More than 20 startup and spin-off companies from OSU research since 2004.

Leading in Academics

- Global 100 top MBA programs ranked by the Aspen Institute.
- #78 Undergraduate Engineering program, #115 Undergraduate Business program and #139 National Universities according to US News & World Report.
- Ranked among top 70 in the US and top 150 universities worldwide by Shanghai Jiaotong University.
- 2011 Best Colleges: Region By Region Best in the West designation from the Princeton Review.
- Among 23 public university Best Buys in the US, Canada and Great Britain in the 2011 Fiske Guide to Colleges.
- Top 30 ranking for universities combining outstanding academics and premier Division I athletics.

Leading in Community

- Top 25 Green Colleges in the US by the 2011 Kaplan Guide.
- Forbes magazine ranked Corvallis in the top 5 of America’s smartest cities.
- Consistently high rankings in Sperling’s Best Places: Most Secure Places to Live.
- Corvallis ranked #1 Green Power Community by the US Environmental Protection Agency in 2009.
- Only university in Oregon listed on the National Register of Historic Places.
Oregon State University is a remarkable place. As you will learn from within these pages, we are a comprehensive research university with highly ranked academic programs and a world-class faculty. The university is reaching new levels of excellence, particularly in three core areas of distinction: advancing the science of sustainable earth ecosystems, improving human health and wellness, and promoting economic growth and social progress.

Beyond striving for ever greater levels of excellence, OSU highly values student success and engagement. While here, our students enjoy a friendly, diverse and welcoming campus that has worked to create an intercultural learning environment that focuses on academic participation, collaborative learning, enhancement of academic skills and confidence, and developing a sense of belonging and personal development. We are fully devoted to further developing as a vibrant international community, committed to global leadership by reaching out to the world through international teaching, learning, research and outreach, and to global citizenship by inviting the world’s students and faculty to study, teach and conduct research at Oregon State.

I encourage you to discover the opportunities at Oregon State University and to join our community of scholars.

Dr. Edward Ray
President, Oregon State University
Crater Lake National Park is one of Oregon’s most breathtaking recreation destinations. Stunning landscapes are never far, whether you prefer to bike, walk or drive.

Mild temperatures, dramatic scenery and a wide range of recreational activities make Oregon’s coast one of the state’s most popular regions.

**Map of the USA and State of Oregon**

**Oregon: An Inspiring Place to Live and Learn**

- Corvallis, a classic American college town of 54,000 in the heart of Oregon’s Willamette Valley.
- Consistently ranked among the best and safest cities to live in the US.
- Mild, temperate climate with cool, wet winters and warm, sunny summers.
- Portland, Oregon’s largest city and cultural center, is just 90 minutes (135 km) away by car.
- Seattle, San Francisco, Los Angeles and other US West Coast destinations are easily accessible by plane, train or car.
- Portland International Airport offers nonstop service to cities across the US, including major international gateways such as Los Angeles, New York, San Francisco, Chicago and Washington D.C., plus nonstop service to Tokyo and Amsterdam.
- Miles of bike lanes and free city bus service.
- Endless opportunities for year-round outdoor recreation, including skiing and snowboarding, hiking and cycling, rafting and kayaking and surfing and fishing.
- Oregon offers a variety of spectacular landscapes, including the Pacific coast, the mountains of the Cascade Range, the Columbia River Gorge and the high desert of Eastern Oregon.
- Downtown Corvallis offers an exciting mix of restaurants, pubs, coffee houses, art galleries and shops.
- Restaurants feature traditional American and Pacific Northwest cuisine, plus food from around the world.
- Farmer’s markets, wineries and brew pubs provide ample opportunities to sample local produce, wines and microbrew beers.

I chose America because...It’s America! I think in the United States I can get a better education, and I want to get a good education to help my country.

Tair Sadykov, Kazakhstan
Undergraduate Engineering Pathway
OSU offers a variety of programs, services and facilities to provide international students with an unrivalled study experience.

**INTERNATIONAL STUDENT RESOURCES**

International Student Advising and Services (ISAS) provides support and advising to almost 2,000 international students studying at OSU and INTO OSU each year. As an international student, you play an important role in the exchange of ideas and perspectives that contribute to everyone’s education and understanding of the world. ISAS strives to provide information that is useful to international students throughout their academic degree or program. Advisers are available to meet individually with students about immigration and visa matters, cultural adjustment, financial and sponsorship issues, health insurance, academic concerns, dependents, and personal matters. When appropriate, staff will refer you or your family member to other university departments or community organizations for additional services.

International Students of Oregon State University (ISOSU) strives to be a home away from home for international students and is located in the International Resource Center (IRC) in the Memorial Union. ISOSU and its fifteen affiliate organizations promote cross-cultural interaction along with support and involvement opportunities for international and multicultural students. Through the IRC and the cultural programming they offer, ISOSU provides a safe, welcoming, comfortable space for the promotion of international understanding and the celebration of diversity on campus.

Intercultural Student Services offers cultural programs, mentoring, academic advising and leadership development opportunities.

Six cultural centers and more than 25 international student organizations host a variety of activities and events that bring together students from around the world.

- Asian and Pacific Cultural Center
- Centro Cultural César Chávez
- Lonnie B. Harris Black Cultural Center
- Native American Longhouse
- Pride Center
- Women’s Center

**INTO OREGON STATE UNIVERSITY**

INTO OSU offers academic Pathway programs, English language training and personalized support tailored to international students’ educational, social and cultural needs, preparing them to progress with confidence as degree-seeking students.

Starting with its first cohort in 2009, the INTO OSU program has helped more than 1,200 international students prepare for university-level study in the US. Located in the new, $52 million International Living-Learning Center, INTO OSU students benefit from university-led teaching, high levels of student support and exceptional facilities.

Successful completion of an Undergraduate Pathway assures students a place in the second year of an OSU undergraduate degree program. Students who successfully complete an INTO OSU Graduate Pathway are assured progression to the MBA or MEng degree programs at OSU.

**LIFE ON CAMPUS**

OSU offers a variety of programs, services and facilities to provide international students with an unrivalled study experience.

**The Memorial Union**

OSU's Memorial Union (MU) is the center of the campus community. In addition to a variety of restaurants, lounges, meeting rooms, the campus bookstore and a recreation center, it is also home to more than 300 student clubs where you can build friendships, develop leadership skills, volunteer in the community and grow in your academic and personal life.

- Thai Student Association
- Vietnamese Student Association

There are so many student-run programs in the university here. Almost all the activities on campus are organized by the students. I’ve enjoyed getting involved—from organizing a volleyball team to working with INTO as a student ambassador. I’ve volunteered as a translator to help other students with housing and scholarship issues.

Yones Almadani, Saudi Arabia

Academic English
Where can you get academic support on campus?

**Academic Success Center**
The Academic Success Center offers advising for undeclared majors, supplemental instruction (study tables) in some classes, study skills courses and a computer lab.

**Collaborative Learning Center (CLC)**
The CLC provides tutoring and one-on-one assistance. Tutors are provided by campus career services, the Physics, Chemistry and Math departments, the Writing Center and the Valley Library.

**Math Learning Center**
The Math Learning Center offers resource materials and free drop-in tutoring for all lower division math courses.

**Student Computing Facilities**
Student Computing Facilities offers more than 100 Macs and PCs equipped with the latest software in an open lab setting.

**Technology Support Services**
Computer consultants are available by phone, email or online through the OSU Helpdesk.

**Valley Library**
The Valley Library is open 24 hours from 10:00am Sunday to 10:00pm Friday. Saturday hours are 10:00am to 10:00pm. Its collection includes more than 1.4 million volumes, 14,000 serials and more than 500,000 maps and government documents. It also has a walk-up computer helpdesk, private and group study rooms, laptop checkout and Internet access.

**The Writing Center**
The Writing Center offers free help with any writing task and is open to all OSU students. Writing assistants can help with all aspects of the writing process, from brainstorming and organization to grammar and usage. The center also offers the Online Writing Lab, a service for submitting papers over the Internet for a critique from writing assistants.
OSU STUDENT SERVICES

All international students, including those in INTO OSU programs, have full access to all resources, services and amenities offered at Oregon State University.

OSU Bookstore
The OSU Bookstore sells textbooks, school supplies, art supplies, calculators, computers, OSU clothing, and other course-related materials.

Career Services
Career Services can help you search for employment, internship, and co-op opportunities; develop resume-writing and interview skills; visit with potential employers at Fall, Spring and Winter career fairs; and find student employment.

Center for Leadership Development
The Center for Leadership Development supports the needs of OSU students in identifying leadership opportunities through exploration of their personal identity and development of leadership skills and potential.

Counseling and Psychological Services (CAPS)
CAPS offers individual, couples and group counseling for OSU students. CAPS also offers presentations on topics such as stress management and healthy relationships.

Disability Access Services (DAS)
DAS can help students who have a documented disability with note-taking, sign language interpretation, textbooks on tape and alternative testing. DAS also offers assistance with registration, housing arrangements and other special needs.

Dixon Recreation Center
Dixon Recreation Center, free for student use with an OSU identification card, has cardio and weight rooms, racquetball and squash courts, multipurpose rooms, a climbing wall, indoor track, pool, dive well, hot tub, sand volleyball courts, and the Outdoor Recreation Center. Learn more on page 15.

Greek Life (Fraternities and Sororities)
The Office of Greek Life works to build relationships with Greek (Fraternity and sorority) students and serves as a resource for the Greek community.

International Programs
International Programs includes International Student Advising and Services (ISAS), International Faculty Services (IFS), Study Abroad and INTO OSU.

OSU Shuttle
OSU operates a free shuttle throughout campus.

Public Transit
Students can ride all Corvallis Transit and Philomath Connection routes for free. The Linn-Benton Loop provides connections between downtown Corvallis and the Albany Transit System.

Public Safety/Oregon State Police
The Department of Public Safety and Oregon State Police provide a safe campus for OSU students, faculty, staff and visitors. State troopers and public safety officers patrol the campus 24 hours a day, seven days a week.

Saferide
Saferide operates seven days a week during the regular school year, except for major holidays, and provides vans that offer free rides home from campus.

Spiritual Life at OSU
More than half of all incoming students express an interest in strengthening their spirituality while at OSU. You can also find nearly 30 spiritual and religious groups on campus as well as prayer rooms in various locations.

Student Health Services
Student Health Services includes access to physicians, nurse practitioners and physician assistants, nutrition consultations, anonymous Q&A for health-related questions and fee-based pharmacy, laboratory, massage and other services.

Student Leadership and Involvement
Student Leadership and Involvement provides programs, services and opportunities that promote student learning, personal and leadership development and inclusion into the diverse campus community.

Transit and Parking Services (TAPS)
All student parking on campus requires a valid student parking permit. These permits can be obtained from TAPS.

Women’s Center
The Women’s Center provides advocacy, support, programs, resources and opportunities for activism and involvement to both women and men. The center’s programs reflect the diversity of women and their experiences.

OSU offers more than 180 study abroad programs in over 70 countries.
SPORTS AND RECREATION

INTROMURAL SPORTS
The emphasis of Intramural Sports is on participation and having fun. There are more than 35 leagues at OSU offering opportunities to play and compete with others on campus. Intramural Sports is a great outlet to socialize, de-stress, learn new sports and get physically fit. Intramural Sports are open to all students.

- 5k Runs
- Badminton
- Basketball
- Billiards
- Bowling
- Cross Country
- Dodgeball
- Flag Football
- Golf
- Kickball
- Racquetball
- Ski Shooting
- Soccer
- Softball
- Swimming
- Table Tennis
- Ultimate Disc
- Volleyball
- Water Polo
- Wrestling

CLUB SPORTS
Club Sports are student-run organizations that participate in regional and national leagues and tournaments. The focus of Club Sports is to offer recreational, educational, competitive and diverse opportunities for students at a variety of skill levels. Club dues vary.

- Badminton
- Bass Fishing
- Bowling
- Cycling
- Dodgeball
- Dressage
- Drill Team
- Equestrian
- Event Team
- Gymnastics
- Handball
- Hunter-Jumper
- Judo
- Kendo
- Lacrosse
- Pistol
- Polo
- Racquetball
- Rifle
- Roller Hockey
- Rugby
- Sailing
- Shot put
- Slalom
- Shudokan Karate
- Ski and Snowboard
- Table Tennis
- Triathlon
- Ultimate Disc
- Volleyball
- Water Polo

DIXON RECREATION CENTER
Dixon Recreation Center is one of the main social hubs of activity on campus. All students have free use of Dixon Recreation Center with their OSU ID card.

Dixon offers:
- Basketball, volleyball, badminton, handball, racquetball and squash courts
- Group exercise programs, conditioning and weight training rooms
- An eight-lane pool, diving pool, hot tub, sun deck and sauna
- The largest collegiate indoor climbing center in the Pacific Northwest
- An indoor track
- An outdoor recreation center
- Three sand volleyball courts

Dixon’s Outdoor Recreation Center also organizes hiking, rafting and skiing outings. It also provides outdoor equipment rental for activities including: camping, boating or snowmobiling; maps; river and snow reports; and a bike, ski, and snowboard shop where students can rent equipment.

At the west entrance of the building, the Dixon Café serves fruit smoothies, espresso, wraps, salads and fresh fruit.

INTERCOLLEGIATE ATHLETICS
Whether you’re a sports fan or an athlete, you will enjoy high-excitement, high-profile NCAA Division I, Pac-12 Conference sports at OSU. Tickets for all sporting events are free for all students. OSU is a frequent participant in NCAA football post-season bowl games, and the OSU baseball team won back-to-back championships in the College World Series in 2006 and 2007.

OSU is proud to have had a number of talented international athletes in its programs over the years, with an average of 40 international athletes out of 500 total athletes. Most notably, Saori Haruguchi from Japan in swimming, Diego Velazquez from Colombia in golf, Leslie Mak from Canada in gymnastics, and Danny Mwanga from the Democratic Republic of Congo in soccer among many others.

Athlete selection and scholarships are determined by coaching staff and are highly competitive. NCAA eligibility rules apply.

MEN’S TEAMS
- Baseball
- Basketball
- Football
- Golf
- Rowing
- Soccer
- Wrestling
- Track and Field

WOMEN’S TEAMS
- Basketball
- Cross country
- Golf
- Gymnastics
- Rowing
- Soccer
- Softball
- Swim
- Volleyball

Reser Stadium seats up to 55,000 Beaver fans.
Housing

On-campus Living

A residence hall is more than a room where you can rest your head in between classes. At OSU, a residence hall is a community. It’s a place where friendships, ideas and memories are created.

All residence halls are conveniently located around campus. Each features high-speed internet throughout the building, including wireless connections in each lounge.

Residence halls:
- House nearly 4,000 student residents
- Include furnished study areas, communal spaces and a main recreation lounge
- Are equipped with televisions, recreation rooms and kitchens
- Are smoke-free
- Contain single/floors that are designated quiet or single-gender
- Are located minutes from the center of campus life
- Provide free self-service laundry

While convenience is often the number one reason for living on campus, the residence halls and cooperative houses (co-ops) provide opportunities for you to meet people from around the US and the world, develop new friendships, enjoy dining with friends and improve your leadership skills while becoming involved with the on-campus community.

Residence hall living also offers resources and a support structure beyond the classroom. There are live-in staff/support in each hall, including a Resident Assistant (RA) on every floor or wing and a Resident Director (RD) in every building. These upper-division and graduate students—along withRA on every floor or wing and a Resident Director serving the International Living-Learning Center—serve as a student resource for academic support. They’re also available to help you achieve personal growth, and respect through communication, involvement and positive community interactions.

The International Living-Learning Center offers single occupancy rooms with a private bathroom and double occupancy rooms with a private or shared bathroom. There is a live-in full-time professional Resident Director serving the International Living-Learning Center and eight Resident Assistants.

Every effort is made to place INTO DSU international students with American roommates. This diverse cultural environment provides international and US students with the opportunity to have an international experience.

Homestay

The homestay program provides you with a home away from home. OSU has a network of carefully selected homestay hosts who welcome international students into their homes. You live as part of the family in either a shared or private bedroom, experiencing the day-to-day life of your host. The program is limited in availability, and students participating must meet the following criteria:
- Must fill out an online student homestay application.
- The homestay program is completely smoke-free. Students who participate in the homestay program must not be smokers.
- Students must be comfortable living with any family type including single parents. Many of our hosts have small children or pets, and others may be single-parent households. All families are considered equally when assigning students.
- Students must be comfortable taking public transportation to get around Corvallis. Our hosts may live within 15-20 minutes from campus as very few families live within very close proximity to OSU. Students who wish to live closer to campus may be more interested in our on-campus residence halls.

Family Housing

Family Housing is available for students living on-campus with families. For more information, please visit www.oregonstate.edu/advis/veryhousing. For students whose program does not have an on-campus housing requirement, a variety of off-campus options can be found throughout the community.

University residence hall
- On-campus
- Shared or single bedrooms
- Shared bathroom
- Variety of dining options
- Free self-service laundry facilities
- Internet access
- Assistance from residence hall staff

Homestay accommodations
- Shared or single bedrooms
- Internet access
- Access to laundry in home
- Includes basic on-campus dining plan (3-5 meals per week)

International Living-Learning Center

Many international students will be placed in the new, state-of-the-art, $62 million International Living-Learning Center, which also houses the INTO DSU program, classrooms, auditorium and residential spaces for more than 300 international and domestic students.

This new residence hall provides students with comfortable, modern, furnished rooms for relaxation and study, and well-equipped communal spaces. The facility is designed to maximize the living and learning experience.

The mission of the International Living-Learning Center residence hall is to responsibly educate, encourage and celebrate cultural diversity, personal growth, and respect through communication, involvement and positive community interactions.

The International Living-Learning Center offers single occupancy rooms with a private bathroom and double occupancy rooms with a private or shared bathroom. There is a live-in full-time professional Resident Director serving the International Living-Learning Center and eight Resident Assistants.

International Living-Learning Center: Single room with private bathroom

International Living-Learning Center: Double room with private bathroom

International Living-Learning Center: Double room with shared bathroom

Research indicates that living on-campus has a positive influence on a student’s grade point average, level of involvement in campus activities, retention at the university, and satisfaction with the university experience.
THE ARNOLD COMPLEX “SOUTH SIDE”

This complex features four co-ed halls and the Arnold Dining Center with great proximity to campus life. Near the rear of the stadium at Goss or Reser stadiums during baseball and football seasons. Walk less than two minutes to Gill Coliseum and enjoy basketball, gymnastics and wrestling competitions. Have a front-row view of the baseball field. In five minutes, you can find yourself on daily jogging or scenic bike trails through Avery Park (to the south). All of this within a 10-minute stroll to the heart of campus (to the north).

**Bloss Hall**
- Suite-style living: two double-resident rooms share a private bath
- Wheelchair accessible
- Community service-learning theme
- Open during academic year breaks

**Finley Hall**
- Substance-free wings: alcohol, tobacco and other substances are not allowed in these areas
- Wheelchair accessible
- Single-gender wings available
- ROTC Program wing/floor
- Open during academic year breaks

**Halsell Hall**
- Suite-style living: four single bedrooms (or two double bedrooms) and one-and-a-half bathrooms, a shared living room and small kitchenette with a sink and stovetop
- Wheelchair accessible
- Open during academic year breaks
- Apartment-style suites
- Upper-division and transfer student experience
- Gender-inclusive living suites available
- Summer housing

**West Hall**
- Suite arrangement: shared bath between two double-resident rooms
- Single rooms available on a very limited basis
- Wheelchair accessible
- Open during academic year breaks

**THE RESIDENCE HALL QUAD AND WEST CAMPUS**

The Residence Hall Quad is a complex of four halls (Hawley, Buxton, Cauthorn and Poling) adjacent to each other and enclosing an open courtyard. The Quad, Sackett and West Halls are on the west end of campus. Live close to the state-of-the-art Dixon Recreation Center and the Memorial Union, where students spend hours enjoying free entertainment and daily campus activities.

**Cauthorn Hall**
- Newly updated in 2009 with moveable furniture, upgraded bathrooms and lounge spaces along with new flooring and lights
- Wheelchair accessible
- Open during academic year breaks

**Poling Hall**
- Newly updated in 2010 with moveable furniture, upgraded bathrooms and lounge spaces along with new flooring and lights
- Wheelchair accessible
- Open during academic year breaks

**Buxton and Hawley Halls**
- First floor is home to University Housing & Dining Services offices
- Wheelchair accessible
- Open during academic year breaks

**Sackett Hall**
- Quiet wing available
- Substance-free wings: alcohol, tobacco and other substances are not allowed in these areas
- Single-gender designated floors
- Wheelchair-accessible suites: two bedrooms, living/study room and private bathroom
- No elevators
- Open during academic year breaks

**West International Hall**
- Suite-style living: two double-resident rooms share a private bath
- Wheelchair accessible
- Community service-learning theme
- Open during academic year breaks

Hungry? As a student at INTO Oregon State University, getting food on campus is easier than ever. Follow this simple step-by-step guide to using your INTO OSU dining plan.

Step 1: Pay your fees!
When you pay your housing fees, your dining plan is included. All INTO OSU students have the same dining plan.

Step 2: Get your student ID card.
Your resident ID card will act as a debit card for you to use in any of the 17 restaurants, cafés and convenience stores on campus. Not on campus yet? You can get your student ID card in advance by visiting: uhds.oregonstate.edu/into/arrival/picture/login.

Step 3: Decide where you want to eat.
Hungry for pasta? A hamburger? Sushi? Our award-winning restaurants on campus offer traditional American foods as well as a wide variety of international cuisine. With so many choices, you can’t go wrong.

Step 4: Spend your dining plan money.
Your plan gives you about $56 per week ($226 per General English term/$680 per Academic English term) to spend on meals on campus. That’s about 8-10 meals per week depending on the size of your appetite.

Step 5: Need more money? Simply add more money to your plan.
If $56 per week is not enough, you can always add more dollars to your dining plan by going to mycard.oregonstate.edu or the OSU ID Center in B 049 Kerr Administration Building.

Step 6: Don’t forget to spend it all!
If there are unused dollars on your dining plan account by the time your housing contract is finished, you will not get a refund for the balance. It is important to check your dining plan balance throughout the term to make sure you are spending your money appropriately. Otherwise, at the end of your stay on campus, you’ll have to use it or lose it.

Note: Students not in an INTO OSU program may refer to oregonstate.edu/uhds/dining/plans for dining plan options.

Oregon State University’s Housing and Dining Services received the 2009 Ivy Award from Restaurants & Institutions Magazine for its high standard of excellence in food, service and overall hospitality.

Are you a vegetarian? Are you looking for Halal food? On-campus dining facilities offer many vegetarian and fish/seafood options, as well as foods that cater to those who practice a Halal diet.

Module One was one of the most popular places to eat on campus, offering lots of variety and healthy options.

I am always thinking about my dinner...what is for dinner today? I eat a variety of foods. Every day it's something different. I miss Japanese food a little bit...but not much!

Shohei Yoshida, Japan
Academic English
OSU-CASCADES

What can you do in Bend?
Hiking, skiing, snowboarding, snowshoeing, whitewater rafting, kayaking, cycling, paddling, swimming, sailing, camping...and more!

Welcome to Bend, Oregon
The vibrant city of Bend, with a growing population of more than 80,000, is located in Central Oregon at the eastern foothills of the Cascade Mountains. The town is noted for its scenic setting, year-round recreational activities and growing economy.

- CNNMoney called Bend one of the 100 Best Places to Live and reported it as one of the top five US markets with the largest concentration of iPads
- Forbes magazine placed Bend high on their list of Best Places for Business and Careers
- Bloomberg Business Week ranked Bend the 4th location for new start-up businesses
- Skiing magazine named OSU-Cascades one of 12 best schools for skiing in the US

OSU-Cascades is a place where students make a difference. We are a small, dynamic and growing campus in one of Oregon’s most beautiful settings. Our faculty and staff value student success and look forward to engaging international students in the classroom, in student activities, in our entrepreneurial community, and in the 2.5-million acres of natural lands that surround us.

We look forward to learning how you can make a difference at OSU-Cascades and in the world.

Dr. Becky Johnson
Vice President, OSU-Cascades

Tourism and Outdoor Leadership

Note: International students can study in any of the OSU-Cascades undergraduate or graduate programs after they have completed the first two years at the OSU Corvallis campus.

OSU-Cascades offers distinct undergraduate programs in Energy Engineering Management, Hospitality Management (Business option) and Tourism and Outdoor Leadership.

Looking for a small college campus? Want more sun? OSU-Cascades offers both. Located in the town of Bend, OSU–Cascades provides a variety of academic options for students who want to continue their studies in beautiful Central Oregon.

Welcome from Dr. Becky Johnson, Vice President, OSU-Cascades
# OSU ACADEMIC PROGRAMS

OSU’s eleven colleges offer more than 200 undergraduate and more than 80 graduate degree programs.

* Only available at OSU-Cascades
† Available at both OSU and OSU-Cascades
◊ Provides preparation for dentistry, nursing, occupational therapy, optometry, pharmacy, physical therapy, physician assistant and podiatry programs.
**ABOUT THE COLLEGE**

The Oregon State University College of Business provides internationally recognized research-based education that prepares students to lead in a competitive, global economy. At the College of Business, students graduate understanding that what they do beyond the classroom can make an impact on the world—and that the tools to create sustainable, socially conscious businesses were woven into their education.

Over the last several years, the College of Business has grown in size, impact, and reputation. Like the rest of the university, the college increasingly attracts high achievers with particular excellence in such areas as accounting, business information systems, entrepreneurship, finance, management, and marketing.

At the undergraduate level, we offer degrees in accounting, business information systems, finance, general business (OSU-Cascades only), management and marketing. We also offer options in entrepreneurship, international business, and hospitality management (OSU-Cascades only) making OSU’s program the most diverse in the Oregon University System.

Students wanting a graduate-level business education have a variety of options. Our traditional MBA focuses on business theory and practice for strategic decision-making in a competitive, global economy with an emphasis on entrepreneurial and experiential learning, culminating in an integrated business plan project with business partners. A Masters of Business and Engineering degree program combines graduate level courses in both engineering and business. Beginning in the fall of 2011, accounting and clean technology are new areas of focus and there is a new research thesis track to allow MBA students to tailor their educational program.

**ACCRREDITATION**

The OSU College of Business was accredited in 1968, and is currently one of more than 400 academic institutions accredited in the US and one of 160 to have achieved additional accreditation for its accounting program. The College of Business overall, as well as the accounting program, is accredited by AACSB International, the Association to Advance Collegiate Schools of Business. AACSB International is the premier accrediting agency for degree programs in business administration and accounting, and AACSB-accredited schools annually award more than 55% of all US degrees in business and management education.

**RANKINGS**

- The College of Business ranks 87th on the Aspen Institute’s “Global 100” list of top MBA programs.
- One of just 168 schools in the US to have achieved accreditation from the Association to Advance Collegiate Schools of Business (AACSB).
- The Austin Entrepreneurship Program at Weatherford is the largest living-learning facility dedicated to entrepreneurship in the US with nearly 300 students from 60 campus departments.
- The College of Business is home to the Arthur Stonehill International Business Exchange Program, the largest college-administered international exchange program in Oregon. It allows students to receive experiential teaching specific to their professional aspirations with nine partner institutions around the world in such locations as China, Australia, Norway and the Czech Republic.
- The Accounting and Business Information Systems curriculum earned certification by the Information Systems Audit and Control Association, making OSU one of the higher learning institutions in the country and one of 13 globally to earn this recognition.
- Students in the OSU Investment Group learn finance principles by investing real money in the stock market. In 2007, the group’s $55,000 investment portfolio showed a rate of return nearly 20% higher than the S&P 500. As a result, the OSU Foundation entrusted the group with managing a $1 million fund.

**FACULTY**

Faculty are dedicated to providing students with the best educational experience possible while preparing them for the post-graduation world. Accounting students and graduates of the College of Business are among the highest performing in the Pacific Northwest and the nation, consistently outperforming peers on standardized tests and accounting competitions.

Students have many opportunities to participate in the experiential learning programs that prepare them to make valuable contributions to the workplace. Not only that, our faculty’s research has real-world implications that helps the economy thrive in Oregon and beyond.

**ALUMNI**

Graduates of OSU Business degree programs are consistently selected for competitive internships and positions by high-profile employers such as Boeing, Intel, HP/PM, Nike, and Moss Adams LLP.

**ABOUT THE COLLEGE**

Since its founding in 1891, the College of Engineering has graduated 30,000 engineers. Currently, it enrolls about 4,100 undergraduates and 800 graduate students yearly. There are approximately 135 faculty members.

The OSU College of Engineering houses six schools and departments:

- Biological and Ecological Engineering
- Chemical, Biological and Environmental Engineering
- Civil and Construction Engineering
- Electrical Engineering and Computer Science
- Mechanical, Industrial and Manufacturing Engineering
- Nuclear Engineering and Radiation Health Physics

For the College of Business, students graduate understanding that what they do beyond the classroom can make an impact on the world—and that the tools to create sustainable, socially conscious businesses were woven into their education.

The college maintains strong interdisciplinary ties with the Colleges of Science, Forestry, Agricultural Sciences, and Business. Our cross-institutional collaborations and industry partnerships are contributing to the economic development of Oregon and the Pacific Northwest.

**FACULTY**

- The Nuclear Engineering program is ranked #9 in America by US News & World Report.
- The College of Engineering is home to the largest and most advanced tsunami research facility in the world. The longest “channel” wave tank in North America is located at the facility, the O.H. Mimsdale Wave Research Laboratory.
- OSU is the leading academic institution in the US in the field of wave energy research and is home to the Northwest National Marine Renewable Energy Center, created by the US Department of Energy in 2008.
- OSU collaborates in the Hydrogen Storage Center of Excellence, one part of a $40 million initiative by the US Department of Energy to address the challenges in developing automobiles powered by hydrogen fuel cells.

**RESEARCH**

At the heart of our research is innovation, which ultimately leads to prosperity. We aim to grow collaborative, interdisciplinary research clusters that are motivated by local, national and international needs for knowledge discovery. These research clusters span strategic areas in renewable energy, integrated microsystems design and manufacture, information technology, sustainable infrastructure technology, and biomedical technology. Other target areas include intelligent manufacturing, geographical information systems, microscale system design for a clean, green future, and new technology for portable electronic devices.

**ACKREDITATION**

The Northwest Commission on Colleges and Universities provides institutional accreditation for Oregon State University. Programs within the College of Engineering have specialized accreditation from ABET and the American Council for Construction Education.

**RANKINGS**

- OSU is the 24th largest undergraduate engineering program in the US offering more majors than any university on the West Coast of the US.
- The Multiple Engineering Cooperative Program (MEOP) is a collaboration between OSU and Pacific Northwest companies that offers engineering students the opportunity to complete two paid, six-month internships.
- The College of Engineering is home to the largest and most advanced tsunami research facility in the world. The longest “channel” wave tank in North America is located at the facility, the O.H. Mimsdale Wave Research Laboratory.
- OSU is the leading academic institution in the US in the field of wave energy research and is home to the Northwest National Marine Renewable Energy Center, created by the US Department of Energy in 2008.
- OSU collaborates in the Hydrogen Storage Center of Excellence, one part of a $40 million initiative by the US Department of Energy to address the challenges in developing automobiles powered by hydrogen fuel cells.

**ALUMNI**

OSU Engineering alumni have gone on to make a vast range of contributions to the world—from teaching, inventing and working for large and small organizations and companies, to founding their own firms.

- Linux Pauling is the only person to win two unshared Nobel Prizes.
- Jen-Hsun Huang founded NVIDIA Corporation, the world’s largest maker of graphics processing units.
- Donald Petit is a NASA astronaut.
- Douglas Engelbart’s visionary thinking led to development of the computer mouse, email, hypertext and video conferencing.
- Debra Walt Johnson is the College of Engineering's first Rhodes Scholar and has returned to OSU to teach a new generation of budding engineers.
- Jon DeVaan, a senior vice president at Microsoft, led the teams that developed Microsoft Excel, Microsoft Office and other products.
- Jeff Peace is a former vice president and general manager of Boeing’s 747 program.
- John Young is a retired CEO of Hewlett-Packard Company.
- Tim Leatherman founded Leatherman Tool Group, Inc. and invented the world-famous multi-tool that bears his name.

Welcome from Amy McGowan, INTO OSU Center Director

Since its inception, the INTO OSU Center has seen tremendous growth and prosperity of its students, its facilities and world-class teaching staff. We are proud to offer innovative Pathway programs to students in the middle of such a vibrant campus and a safe community. The city of Corvallis and Oregon State University have embraced the initiatives to internationalize the student population on campus, and because of that, the care of our students goes beyond the classroom. What you’ll find at Oregon State University is a learning environment that supports your transition, a campus that accommodates your needs, and a community that welcomes cultural diversity.

Here at INTO OSU, your success, your education and your well-being are top priority. Whatever your academic, personal, and professional goals are, we want you to feel that you are getting the most out of your program of study. A university education is a grand investment in yourself and your future. We want your university experience to be as rewarding as possible.

We’ve watched as many of our students have gone on to achieve their dreams, meet their goals, and to make their families proud. With the help of our campus community, you can turn your own dreams into reality. We hope you will come experience the INTO difference at Oregon State University.

See you in Oregon!

I wondered if I could really be friends with Americans... but after I came here I realized there was nothing to worry about. Now I have lots of great American friends! They are very outgoing and it’s fun to hang out with them. Also, they are very kind to international students and willing to learn about different cultures.

Han Zhang, China
Undergraduate Pathway, Business Summer Intern, INTO China

Welcome to INTO Oregon State University!

INTO established its first partnership in the US at Oregon State University in 2008. Located in the new International Living-Learning Center, INTO OSU offers outstanding academic programs, technology-assisted learning, a welcoming, interconnected community of students from across the US and the world, strong student support programs and state-of-the-art facilities.

As an OSU student studying in the INTO OSU center, you’ll have all the benefits and experiences of campus life at an American university. Living and dining on campus open up a wide range of social opportunities where you can develop friendships with both US and international students. You’ll also have complete access to all of the academic, social and cultural resources and activities at Oregon State University.

THE INTERNATIONAL LIVING-LEARNING CENTER

The International Living-Learning Center opened in September 2011 and is the new home for INTO Oregon State University and OSU International Programs. This state-of-the-art building offers a world-class student experience where international and domestic students live and learn together in the heart of the OSU campus.

The new building includes residential accommodations for more than 300 international and domestic students, 26 classrooms, a cutting-edge auditorium, computer labs, a café, market and comfortable open spaces where students can socialize.

Key Center Facts

- Established in 2008, first cohort September 2009
- $52 million International Living-Learning Center opened September 2011
- Number of students in 2010-11 cohort: 1,069 total and 600+ per quarter
- Countries represented in 2010-11 cohort: 28
- Number of teaching staff: 55
- Number of computers: 100+
- Number of classrooms: 26

Programs Offered

Undergraduate Pathway Programs:
- Business
- Engineering
- Computer Science
- Science or Natural Resources
- General Studies

Graduate Pathway Programs:
- Business (MBA)
- Engineering (MEng)

English Language Programs:
- Academic English
- General English
- Campus Year Abroad
- Study Abroad with English
INTO OREGON STATE UNIVERSITY (CONTINUED)

The Pathway program prepared me for success. I am now attending OSU and I know how to make a plan for every class. Even though my classes are higher level now, it’s basically using the same skills but with different material. I know how to study now. And I learned everything in the INTO program.

Hyung Seok Lee, Korea
Former Business Pathway student now pursuing a B.A. in Business and serving as President of the OSU Korean Student Association

A quality education is one that makes a person a better person. I believe that a broad education is best, because students discover a love for learning for the sake of learning, which they can then apply to any field or discipline.

Maggie Powers, Ph.D.
INTO OSU English Language Instructor

INTO OSU English Language Instructor

The OSU campus is large, spanning over 400 acres. But don’t worry – you are always within easy walking distance to classes, the library, the MU and recreational areas.

Student Success

INTO OSU offers international students the opportunity to fulfill their educational goals and achieve academic success at a leading US university. Our students benefit from the university’s investment in providing modern living and learning environments, teaching facilities equipped with the latest technology, small class sizes, and personalized support services. This commitment to providing you with a world-class experience is illustrated by the success of our students.

Our students’ success also goes far beyond the classroom. INTO OSU students participate in the many social activities offered at the International Living-Learning Center, across campus and in Corvallis. They enjoy living, learning and having fun with OSU students from all 50 US states and nearly 100 countries, as well as members of the Corvallis community.

INTO OSU’s 2010-11 cohort included students from 28 countries:
- Argentina
- Bahrain
- Chile
- China
- Colombia
- Denmark
- France
- Hong Kong
- India
- Indonesia
- Iraq
- Japan
- Kazakhstan
- Kuwait
- Libya
- Mexico
- Myanmar
- Peru
- Qatar
- Russia
- Saudi Arabia
- South Korea
- Taiwan
- Thailand
- Turkey
- United Arab Emirates
- Uzbekistan
- Vietnam

INTO OSU Academic Success

86% of the 2009-10 Undergraduate Pathway cohort qualified for progression to OSU.
- 99% of those students enrolled in degree programs at OSU.
- Former 2009-10 INTO OSU Undergraduate Pathway students academically outperformed direct entry international OSU students in all three terms of the Sophomore year.

No matter which program you choose, academic advising is available throughout your program of study.

Registration is an important part of the orientation process, INTO OSU’s helpful staff will assist you every step of the way.

FPO

A quality education is one that makes a person a better person. I believe that a broad education is best, because students discover a love for learning for the sake of learning, which they can then apply to any field or discipline.

Maggie Powers, Ph.D.
INTO OSU English Language Instructor

The OSU campus is large, spanning over 400 acres. But don’t worry – you are always within easy walking distance to classes, the library, the MU and recreational areas.
INTO OSU SERVICES

INTO OSU students have full access to all resources, services and amenities offered at Oregon State University. Additionally, the following resources and benefits are offered to INTO OSU students.

INTO OSU STUDENT SERVICES TEAM

The INTO OSU Student Services team looks forward to meeting you and supporting you throughout your studies. We offer a range of support services to meet the specific needs of international students. When you first arrive at OSU, the team will help you settle in to student life in Corvallis, and we will remain your first point of contact for all non-academic issues. Whether you have a question about making an appointment with a doctor, finding a place to live, renewing your visa or anything else, there will always be someone available to help you.

ORIENTATION PROGRAM

This is an exciting and important time as you begin your studies with OSU. Attendance at an International Student orientation and completion of an Immigration Document Check-in is required of all students.

You will take an English placement test, register for your classes, attend a session about your visa requirements, and receive your schedule. Other important activities during orientation include: opening your OSU ID card, registering with Student Health Services and taking a tour of the campus. You can meet other students and make new friends at the welcome party.

LANGUAGE ADVISERS

Language advisers at the INTO OSU center are available to assist new and prospective students and parents who may not be able to communicate effectively in English.

TRIPS AND ACTIVITIES

While the main reason for coming to OSU is to study, social activities will help you adjust to life in the US and allow you to develop a network of friends. Social activities will help you feel supported. I’ve never found that I’ve been on my own; there’s always been support and resources to help me in any sort of situation.

Neha Neelwarne, India
B.S., Finance

VISA AND IMMIGRATION SUPPORT

Once you arrive, the university’s International Student Advising and Services office, in conjunction with the INTO OSU Student Services team, will provide information, support and guidance on maintaining your immigration status while you are in the US. These can include questions you may have about renewing your student visa, making sure your I-20 or DS-2019 is always current, bringing your dependents, employment, traveling, maintaining your immigration status, and more. They will issue any documentation you may need to support your visa application. You can make an individual appointment with an International Student Adviser in International Student Advising and Services if you have any questions about your specific situation. In addition, workshops are held throughout the year on topics such as employment, scholarships and travel.

INSURANCE

Health insurance coverage is required for all Oregon State University international students. For this reason, the OSU International Student Health Plan will be automatically added to course fees, unless proof of suitable alternative coverage is provided. This comprehensive insurance policy, prepared especially for international students in the US, will cover you during your travel to and from the US, as well as throughout the duration of your studies at OSU. Please see page 63 for more information about insurance.

ENGLISH CONVERSATION OPPORTUNITIES

INTO OSU Student Services coordinates a program to introduce you to native English speakers and help you improve your English and feel welcomed and involved in the Corvallis community. The Conversant Program is a great way to practice English and meet an American friend. Our volunteers—most of whom are OSU students—are excited to meet international students and learn about different cultures.

This program is open to Academic English and Pathway students. Additionally, Student Services will keep you informed about events, activities and volunteer opportunities where you can meet new people and practice your English.

INTO OSU Student Services coordinates a program to introduce you to native English speakers and help you improve your English and feel welcomed and involved in the Corvallis community. Our volunteers—most of whom are OSU students—are excited to meet international students and learn about different cultures.

Kyung Joon Min, South Korea
General and Academic English

I feel like this is a really good place for students to feel supported. I’ve never found that I’ve been on my own; there’s always been support and resources to help me in any sort of situation.

Neha Neelwarne, India
B.S., Finance

I have improved a lot in writing skills and speaking skills. There are so many programs where we can get help such as the Conversant Program. The Conversant Program is going really well. My conversant partner and I have a lot in common.

Kyung Joon Min, South Korea
General and Academic English
UNDERGRADUATE ADMISSIONS—DIRECT ENTRY

APPLYING TO OSU
1. Learn Why OSU is Right for You!
   • Explore the Oregon State University website at oregonstate.edu.
   • Find information about academic programs at oregonstate.edu/admissions/international/undergraduate.
   • You can also find information about events and activities, campus housing, and ways to get involved on campus.

2. Meet Important Deadlines
   OSU processes applications and admits new undergraduate students throughout the year for all four terms. In order to successfully gain admission, secure your student visa and arrive on campus for the required International Student Orientation, the Office of International Admissions recommends that you submit your application and supporting documents at least 4-6 months before your intended term start date. For scholarship consideration (Fall term), applications must be received by the priority deadline of February 1, 2012.

3. Apply for Admission
   Complete the online application for admission at admissions.oregonstate.edu/dept/honors/apply and pay a non-refundable application fee of US $50.

4. Meet the Admission Requirements
   Applicants for a bachelor’s degree must submit:
   • Official records of all secondary schools attended
   • Official records of all colleges and universities and/or professional schools attended
   • Official reports of relevant tests and/or comprehensive examinations
   • The ETS (TOEFL) institution code for OSU is 41886
   Additional information:
   • Please provide certified English translations (if applicable)
   • Photocopies of official documents are acceptable for review purposes and can be submitted via email in PDF format to instadm@oregonstate.edu, by fax to +1541.737.4220 or by post to the Office of International Admissions, 1105 SW Western Boulevard, Corvallis, OR, 97331, USA
   • The Scholastic Aptitude Test (SAT) or American College Test (ACT) are accepted but not required for international undergraduate applicants except if applying to the University Honors College.
   • A Personal Statement and/or letters of recommendation are welcome but not required.
   • University Honors College applicants must complete a supplemental application and meet the UHC application deadline. Information is available at oregonstate.edu/dept/honors/apply.

5. Meet the English Language Requirement
   Applicants for admission as non-native speakers of English must provide official English language test scores, unless they meet the criteria listed under “Except from English Language Testing.”
   • International undergraduate students who do not meet the exemption criteria and also do not have a test score may be admitted to OSU but will be required to begin full-time English language training during the first term of OSU. Additional language training will be required until the student receives required language proficiency.
   Additional information:
   • Please provide certified English translations (if applicable)
   • Photocopies of official documents are acceptable for review purposes and can be submitted via email in PDF format to instadm@oregonstate.edu, by fax to +1541.737.4220 or by post to the Office of International Admissions, 1105 SW Western Boulevard, Corvallis, OR, 97331, USA
   • The Scholastic Aptitude Test (SAT) or American College Test (ACT) are accepted but not required for international undergraduate applicants except if applying to the University Honors College.
   • A Personal Statement and/or letters of recommendation are welcome but not required.
   • University Honors College applicants must complete a supplemental application and meet the UHC application deadline. Information is available at oregonstate.edu/dept/honors/apply.

* (with minimum score of 10 on each section)
Acceptable alternatives to the TOEFL and IELTS include:
• SAT Reading: Minimum score of 500
• ACT English: Minimum score of 21
• AP English: C & C Minimum score of 3
• IELTS (International): Level 6 English-Minimum grade of C (pass)
• IELTS: Level 6.5–7.0 Minimum score of 5
• IELTS: Level 7.0–8.0 Minimum score of 6
• IELTS: Level 7.0–8.0 Minimum score of 6

6. Demonstrate Financial Resources
   The US government requires proof of financial resources for all educational and living expenses for your first year of study in the United States before your I-20 (for F-1 visas) can be issued.
   • You must complete and submit the OSU Certification of Finances Form during your application process.
   • Bank statements must not be more than 3 months old at the time of application to OSU. All documents should bear an original signature and seal.
   • Other types of documentation, such as government or agency sponsorship letters, should be official and specify dates of validity.

7. Plan for the Costs of Attending OSU
   Estimated costs for the 2012-13 academic year are available at admissions.oregonstate.edu/fa/businessaffairs/student/tuition-and-fees.

8. Explore Scholarships
   You can find more information about deadlines and applications at oregonstate.edu/international/atosu/scholarships.

9. Learn About Housing Options
   Students who are admitted with a score of 500 or higher on the TOEFL (550 PBT or 6.0 IELTS) will study full-time English. Students who are admitted with a score of 60-69 iBT (500-524 PBT or 5.5-6.0 IELTS) or who successfully complete level 4 in Academic English will study a combination of credit bearing Academic English courses and academic content courses.

10. Declare Your Intent to Attend OSU
    Let us know that you plan on attending OSU by completing a form at admissions.oregonstate.edu/transfer/intent-to-enroll

11. Apply for Your Student Visa
    Once you are admitted and have received your I-20, consult with the nearest US embassy or consulate for instructions on how to apply for the F-1 visa.

12. Pay Your Advance Tuition Deposit and Participate in a START Orientation (if eligible)
    All undergraduate students are required to pay an Advance Tuition Deposit (ATD) of $5200 before registering for classes. Instructions can be found at oregonstate.edu/admissions/international/std.html.

13. Attend the Required International Student Orientation
    Orientation is an exciting and important time for you as you begin your studies at Oregon State University. Learn what’s in store for you once you arrive at oregonstate.edu/international/atosu/students/new/orientation.

14. View the Academic Calendar
    Be sure to plan ahead! You can view the calendar online at catalog.oregonstate.edu/ChapterDetail.aspx?Key=148.

15. Be a Beaver!

University President Ray meets with students for coffee in the Memorial Union.
The University Honors College (UHC) offers a small college environment with the resources and opportunities of a leading research university.

As a member of the UHC, you’ll have research opportunities ordinarily limited to graduate students. Not only can you work with leading faculty and make real contributions to their research, the honors thesis gives you the opportunity to design and conduct a research project of your own. In addition, many UHC students win research grants and publish their findings in professional journals.

Through honors classes and research, you’ll study and work with some of Oregon State’s finest professors, many of whom have national and international reputations in their fields. Mentoring relationships develop easily in the UHC, guiding you through your college career, preparing you for the future and showing you how to solve challenging problems and make a positive difference in the world.

For more information about the UHC, visit [oregonstate.edu/dept/honors](http://oregonstate.edu/dept/honors).

### Benefits of being part of the UHC:
- Supportive and tight-knit community
- Small class sizes
- One-on-one interaction with professors
- All classes taught by experienced and dedicated faculty
- Trips and events
- Personal academic advising from the UHC advisers
- Two centrally located study lounges: including a computer lab, free printing, and lounge areas perfect for study groups, meeting and relaxing
- Leadership involvement
- Opportunity to write an undergraduate thesis
- More than 90% of UHC graduates who apply to law, medical, and graduate schools are accepted

### The University Honors College (UHC) offers a small college environment with the resources and opportunities of a leading research university.

Because I am part of the Honors College, I’m required to do a thesis like what Masters and Ph.D. students do. It’s a big advantage for me because everyone is talking about research these days. There are a lot of unique opportunities, scholarships and projects available through the Honors College.

- [Graduate Degree Program Year 2](#)
- [Graduate Degree Program Year 3](#)
- [Graduate Degree Program Year 4](#)

**Undergraduate Pathways**

- [Undergraduate Degree Program Year 1](#)
- [Undergraduate Degree Program Year 2](#)
- [Undergraduate Degree Program Year 3](#)

*Some individuals may require additional time depending on academic performance.*
UNDERGRADUATE PATHWAY PROGRAMS

Program Description
INTO Oregon State University’s Undergraduate Pathway programs combine intensive language study, academic skills development, and academic coursework in a carefully constructed program designed to move students successfully through the first year of a four-year degree program.

The Undergraduate Pathway programs are designed for students who:

• Want to study for an undergraduate degree in the US
• Need to improve their English language skills
• Have lower GPAs than required of direct-entry students
• Desire additional academic, language, and cultural support in order to succeed during their first year at a US university
• Any or all of the above

The Pathway program is for students who want to take the fast track to success. Pathway students receive the highest level of support during their transition abroad, making it an ideal choice for international students who want to achieve high academic goals.

Program Outcomes
Upon successful completion of the Undergraduate Pathway programs, students are guaranteed progression to a second year of study in an undergraduate degree program.

At the end of their Pathway Program, students should be able to:

• Interact comfortably in the US classroom with professors and fellow students
• Understand US values in an academic setting
• Use the Internet and OSU library databases to conduct academic research
• Read, understand, and critically evaluate academic texts
• Write research papers with proper use of citations and references
• Take the Internet and OSU library databases to conduct academic research
• Develop and deliver oral presentations

Program Structure
The academic courses in the Undergraduate Pathway Program include math, science, writing and other academic subjects required of all US international students. From the first day of classes, INTO OSU Pathway students study alongside domestic students in some courses. Pathway students also receive intensive English language instruction and academic skills development. All undergraduate Pathway courses are OSU credit earning courses.

Program Assessment
The final grade for each course is determined based on the student’s performance on coursework and examinations. Students will receive letter grades (A, B, C, D, or F) for each of their courses. Assessment in both quantitative and qualitative. The purpose of the assessment process is to help students understand how to improve.

Program Highlights
• Guaranteed progression to the second year of an OSU undergraduate program (subject to successful completion of a Pathway program)
• Integration with domestic and international students
• Access to all OSU campus facilities and events
• All undergraduate Pathway courses are OSU credit earning courses
• Classrooms and accommodations located at the heart of campus
• Highly trained and experienced instructors
• Academic advising throughout the program
• Use of a fully-equipped Learning Center with state-of-the-art technology

Program Outcomes
At the end of their Pathway Program, students should be able to:

• Understand US values in an academic setting
• Interact comfortably in the US classroom with professors and fellow students
• Use the Internet and OSU library databases to conduct academic research
• Read, understand, and critically evaluate academic texts
• Take useful and accurate notes in academic lectures and presentations
• Develop and deliver oral presentations

Progression from pre-business and pre-engineering into the respective Business and Engineering professional degree programs is competitive. Current eligibility requirements can be found at: engi.oregonstate.edu/students/advising/policy.html. INTO OSU Pathway students study alongside domestic students in some courses. Pathway students also receive intensive English language instruction and academic skills development. All undergraduate Pathway courses are OSU credit earning courses.

Troven over three terms, the Business Pathway commences in either Fall or Winter. The General Pathway, which is also three terms, commences in Fall, Winter or Spring. Engineering, Computer Science, and Science programs commence in Fall only; they last three terms with an optional fourth term. All additional terms beyond three terms incur additional tuition costs.

Meeting the progression requirements guarantees a place in a second year of a relevant undergraduate degree program at OSU. They will also qualify to apply to other universities if they choose to do so.

Engineering and Science Pathway
Most OSU students find it difficult to complete all requirements for an undergraduate degree in Engineering in just four years of study by attending only three terms per year. Engineering students in particular, including Computer Science majors, are encouraged to enroll in summer courses to stay on track to graduate in four years. The Science or Natural Resources and Engineering Pathway programs begin in September and end in June. This allows students the option of taking further courses in the Summer term in order to strengthen their progress to a second year of academic study. Students are recommended to take two courses in the Summer term, about 8 credits, but may take up to 15 credits if they wish. All Summer credits incur additional tuition costs.

All additional terms beyond three terms incur additional tuition costs. Students have a maximum of 5 terms to meet entry requirements.
The following tables describe a typical Pathway curriculum:

INTO has already helped me a lot. I think that the knowledge I have gained here is really incredible. I think it will help me in studying and in my life. Now I have new friends, and I’ve discovered new things in life.

Iana Son, Russia
Undergraduate Business Pathway
OSU GRADUATE PROGRAMS

OSU offers more than 80 different graduate degree programs in fields such as engineering, forestry, agriculture, physical and life sciences, health-related studies, humanities, social sciences, family and consumer sciences, business, and education.

Top Rankings in Research:

• A ranking of 15 graduate programs published in The Chronicle of Higher Education shows Oregon State ranks among the top 100 universities in the US in total research and development spending. The National Science Foundation ranks Oregon State 17th among all US universities in R&D spending in the environmental sciences.
• The graduate program in nuclear engineering at Oregon State University is in the top 10, according to the US News and World Report.

GRADUATE PROGRAMS FOR INTERNATIONAL STUDENTS

More than 9,100 international students representing nearly 100 countries are pursuing their education at Oregon State University, and each individual brings his or her own unique experiences, perspectives, and cultural values. Below are a few of the programs seeking to grow their international Student enrollment:

Ph.D. in Science or Mathematics Education

This innovative partnership creates a rich and rewarding graduate academic experience. Ranked 5th in the nation in higher productivity by The Chronicle of Higher Education, the faculty bring broad experience in facilitating research on learning and instruction from middle school through college, in free-choice learning environments, and in private business and industry.

Professional Science Master's

The worlds of science and business are increasingly interconnected—creating strong demand for professionals who can combine scientific and technical knowledge with business and communication skills. PSMs at Oregon State University are currently offered in Applied Physics, Applied Biotechnology, Applied Systematics in Botany and Environmental Sciences.

MS and Ph.D. in Fisheries and Wildlife

Master of Science and Doctor of Philosophy degrees in fisheries or wildlife science. The Department will begin offering a Professional Science Masters in Fisheries and Wildlife Administration beginning in 2012. OSU’s Fisheries and Wildlife program are among the top-ranked programs nationally. The faculty and students are dedicated to the discovery and dissemination of knowledge in conservation of biodiversity, natural resource management, and the sustainable use of natural resources.

MS and Ph.D. in Wood Science

The graduate programs in wood science are designed for the future scientists, technologists and businesspersons who will meet the challenge of new knowledge and innovation. OSU offers MS and Ph.D. degrees in Wood Science that are closely integrated with our research. All programs are highly interdisciplinary and many students also pursue dual graduate degrees in science and engineering disciplines such as civil engineering, mechanical engineering, materials science, or forest science.

Master of Natural Resources

The Masters of Natural Resources degree is designed to engage university scientists and worldwide natural resources professionals in a process that integrates diverse perspectives to address natural resources challenges at the state, regional, national and international levels. This degree will assist agencies, industry and government professionals who are interested in earning an advanced degree in natural resources management while continuing to work full-time.

Master of Public Policy

In a world that is constantly changing, you can still make a difference. The Master of Public Policy (MPP) program at Oregon State University can help you get started. OSU integrates scientific discovery and policy research with emerging public issues. In addition to the MPH core curriculum, you can choose from seven concentrations: energy, environment, international, law and crime, science and technology, social or rural policy.

Master of Public Health

OSU offers degrees in public health at the bachelor’s (BS), master’s (MPP) and doctoral (Ph.D.) level. At the master level OSU offers six separate MPH tracks: Biostatistics; Epidemiology; Environmental, Safety and Health; Health Management and Policy; Health Promotion; and International Health. Graduates from our public health program find careers here in the US and around the world in government, public health departments, community health agencies, and health-related organizations.

MS and Ph.D. in Human Development and Family Sciences

The unique Human Development and Family Sciences graduate program focuses on the development of individuals and families across the lifespan and in multiple contexts. This focus contributes to the success of our graduates in university teaching, research careers, and leadership positions in both the private and public sectors. Our experience in cultivating this focus makes us one of the top programs in the Western United States.

MS and Ph.D. in Molecular and Cellular Biology

The Molecular and Cellular Biology (MCD) Program comprises faculty and graduate students interested in solving both fundamental and applied biological questions in basic, biomedical and agricultural sciences. Research strengths include traditional disciplines, such as biochemistry, molecular genetics, cell and molecular biology, with expertise in cross-cutting experimental approaches in genomics, proteomics, imaging and bioinformatics in both model and non-model organisms.

Ph.D. in Applied Economics

Oregon State University’s Graduate Program provides curricula leading to the MA, MA, and Ph.D. degrees in Applied Economics. Areas of concentration are available in resource and environmental economics, trade and development, public health economics, and (for the MA only) transportation economics.

TOEFL scores 61-79 iBT (500-547 PBT) or (GMAT)

A bachelor’s degree of at least three years duration with a two-year (equivalent to 45 quarter credits) graduate degree

ENGLISH LANGUAGE ENTRY REQUIREMENTS

• TOEFL score of 80–89 iBT (minimum of 18 in each section) or 6.5+. Some programs have higher minimum requirements.
• Conditional admission can be offered by certain programs subject to the following English Language entry requirements: TOEFL scores 61-79 iBT (500-547 PBT) and ELTS 5.0.

ADMISSIONS NOTE

OSU is competitive and meeting the minimum admission requirements does not guarantee admission. In the case of research-based programs, admission decisions may also be based on other factors related to the applicant’s research interests, and the availability of faculty in a particular field of study. For a complete list of country equivalencies, visit: oregonstate.edu/grad/grad_school/country_req.php
GRADUATE PATHWAY PROGRAMS

Direct admission to the Graduate School and respective department-based graduate programs at Oregon State University is highly competitive with only the best and most prepared students being selected. Many students who meet the minimum entry requirements are not admitted because of the highly competitive nature of the programs. International students often find they require additional preparation to be admitted directly to the Graduate School and respective programs. Additionally, some students may fall short of meeting the minimum GPA or test score requirements, need further academic English development, or need to improve study skills for success in their chosen field of study.

The innovative Graduate Pathway programs offered at INTO OSU are designed to develop students’ academic knowledge and to develop their language ability and study skills, while taking OSU courses, enabling them to successfully progress to the Graduate School and respective department-based graduate programs. Additionally, some students may fall short of meeting the minimum GPA or test score requirements, need further academic English development, or need to improve study skills for success in their chosen field of study.

Benefits of the Graduate Pathway programs include:

- Assured progression to an OSU graduate program subject to successful completion of Pathway program, achievement of required test scores and subscores, and submission of additional application materials
- Up to 40 hours of TOEFL test preparation and GMAT or GRE preparation
- Integration with domestic and international students
- Access to all OSU campus facilities and resources
- Classrooms and accommodations located at the heart of campus
- High-level of personal care and support

Program Description

The academic courses included in the Graduate Pathways programs are carefully chosen to ensure success in graduate level studies. The exact program structure and the combination of classes taken will depend upon a student’s previous academic record and future study plan. Students will be advised on which modules to follow during their academic orientation at the INTO OSU Center.

Student work is monitored by the INTO OSU Graduate Pathway Coordinators, who can provide additional academic support for students who have difficulty in classes. The Coordinators also assist students by working with academic department officials to get official approval of any changes that students may need to make in their study plans.

Progression Requirements

Depending on the degree program selected, students may also need to meet the minimum TOEFL, GMAT or GRE scores and other requirements as explained on pages 47 through 55.

The final grade for each course is based on a mixture of course work and end-of-course examinations. Students will receive grades (A-, B+, B-, C+, C-, D+, D, F, S or U, and P or NP) for each of their courses. Assessment is accomplished using both quantitative and qualitative evaluation. The purpose of the assessment process is not simply to pass or fail students but to help them understand how to improve, build on success. Assessment methods include essays, reports, field notebooks, creative writing, practical and laboratory activities, group and individual research projects, portfolios, bibliographical searches, oral and video presentations, subject quizzes, seminar skills, exams and problem solving exercises.

MASTER OF ENGINEERING

The Master of Engineering (MEng) degree provides the option of obtaining a Master’s degree without the research component requirement associated with OSU’s traditional Master’s degree. The emphasis is on licensing specific job-related knowledge and skills, as currently presented in existing graduate level courses. MEng students may elect to take courses with research content, but they will do so primarily as future researchers and not necessarily as future researchers.

The MEng is a coursework-only Master’s degree of 45 credits based on curricula that allow graduate students to efficiently focus on the academic courses that are most relevant to their professional objectives. Each student works with a committee and undergoes an oral examination.

Graduate Pathway-MEng

The INTO OSU Graduate Pathway in Engineering is comprised of multiple study programs, including civil engineering, construction engineering management, management engineering, mechanical engineering with materials science, industrial engineering, environmental engineering, chemical engineering, electrical and computer engineering, and computer science.

It is designed to provide an appropriate route for students who have a degree in a relevant field of engineering or computer science, and in some cases (such as chemical engineering and environmental engineering) offer a conversion option for students wishing to change their engineering major.

Minimum progression requirements to the Master of Engineering:

- Achieve at least a B grade in all English language courses in the Pathway, or, depending on program, score 550-579 on the paper-based TOEFL or 80-90 on the Internet-based TOEFL with no subscore below 18.
- Submit a Graduate Record Examination (GRE) with a minimum overall score of 1010 with a minimum score of 380 in the verbal section. (After August 2011, equivalent scores on the Revised GRE will also be accepted.)
- A grade of C or better in all Pathway courses.

OSU’s College of Engineering enrolls about 800 graduate students annually.

My major for my Bachelor’s degree was law, but I came to OSU to pursue an MBA. The program at INTO OSU allows me some time to get used to the business subjects and gradually adapt to studying here. Out of the four offers I received from other schools, OSU was the best choice for me.

Dishui Lin, China
MBA Graduate Pathway

OSU’s College of Engineering enrolls about 800 graduate students annually.

There are approximately 155 faculty members in the College of Engineering.

GRADUATE PATHWAY PROGRAMS—ENGINEERING

The MEng is a coursework-only Master’s degree of 45 credits based on curricula that allow graduate students to efficiently focus on the academic courses that are most relevant to their professional objectives. Each student works with a committee and undergoes an oral examination.

Graduate Pathway-MEng

The INTO OSU Graduate Pathway in Engineering is comprised of multiple study programs, including civil engineering, construction engineering management, management engineering, mechanical engineering with materials science, industrial engineering, environmental engineering, chemical engineering, electrical and computer engineering, and computer science.

It is designed to provide an appropriate route for students who have a degree in a relevant field of engineering or computer science, and in some cases (such as chemical engineering and environmental engineering) offer a conversion option for students wishing to change their engineering major.

Minimum progression requirements to the Master of Engineering:

- Achieve at least a B grade in all English language courses in the Pathway, or, depending on program, score 550-579 on the paper-based TOEFL or 80-90 on the Internet-based TOEFL with no subscore below 18.
- Submit a Graduate Record Examination (GRE) with a minimum overall score of 1010 with a minimum score of 380 in the verbal section. (After August 2011, equivalent scores on the Revised GRE will also be accepted.)
- A grade of C or better in all Pathway courses.

Achieve a combined minimum cumulative grade-point average of 3.0 in the MEng Pathway program plus the last year of the bachelor’s degree. To achieve this, students entering the Graduate Pathway program with a GPA of 2.75 must achieve no less than a GPA of 3.25 across their academic courses. Students entering the program with a higher entry qualification would require a smaller improvement to meet the minimum requirements.
GRADUATE PATHWAY PROGRAMS—ENGINEERING

The following tables describe a typical MEng Graduate Pathway curriculum:

In 2007, Oregon State’s College of Engineering established the School of Chemical, Biological and Environmental Engineering with the goal of unifying previously separate disciplines into a cutting-edge engineering program. The MEng degree in Environmental Engineering is expected to be approved for the 2012-2013 academic year. Until approved, environmental engineering MEng students receive degrees in Chemical Engineering.

GRADUATE PATHWAY PROGRAMS—BUSINESS

MASTER OF BUSINESS ADMINISTRATION (MBA)
The MBA program is a management program with an experiential component and an emphasis on innovation, sustainability, technology, and entrepreneurship. The program is designed to provide students with the necessary skills to solve complex business problems and to successfully compete in the business marketplace.

Each year a limited number of qualified students are accepted to the MBA program at OSU. The selective nature of the program encourages students to actively participate in discussions, establishes better group cohesion and creates closer faculty-student relationships.

GRADUATE PATHWAY—MBA
The INTO OSU Graduate MBA Pathway program is taught over three terms. Students can enroll in the program in September or January each year, with both intakes leading into the university’s September intake for graduate studies. The program combines the following components:

- Core academic courses
- Academic English
- Bridge/support courses to help with language, vocabulary, exam preparation, and class content
- Exam preparation: up to 40 hours of GMAT training

Minimum progression requirements to the Master of Business Administration:

- Achieve a combined minimum cumulative Grade Point Average (GPA) of 3.0 in the Pathway program plus the last year of the bachelor’s degree. For students entering the Graduate Pathway with a GPA of 2.75 they must achieve no less than a GPA of 3.25 across their academic courses. Students entering the program with a higher entry qualification would require a smaller improvement.
- Institutional TOEFL of 575 or international TOEFL (IBT) of 80 with a minimum of 22 on each sub-section or a minimum IELTS score of 7.0.
- Submit a Graduate Management Admission Test (GMAT), with a minimum overall score of 500, minimum percentiles of 20 in verbal and quantitative sections, and a minimum analytical writing score of 4.
- A grade of C or better in all Pathway courses to progress to the intensive nine-month MBA program.
- Submission of a statement of objective
- Submission of a current resume or vita
- 3 letters of recommendation
- Compliance with OSU and College of Business Academic and Professional Behavior Standards (please visit business.oregonstate.edu/about/academic-professional-standards)

| TERM 4 (OPTIONAL) | |

I like my classes because they prepare me to be a graduate student. The MBA Graduate Pathway Program gives me the opportunity to get accepted to a good university without having work experience. It’s great for me because I can practice English and study business subjects.

Jaraswan “Peer” Jarasjanuwon, Thailand
MBA Graduate Pathway

Additional Requirements:
- Satisfactory completion of a four-year undergraduate degree in an appropriate subject with a GPA of 3.0 or better is required in all Pathway courses to progress to the nine-month MBA program.
- TOEFL (IBT) with a minimum score of 7 on the Test of English as a Foreign Language (TOEFL).
- Completion of Pathway with minimum GPA of 3.0 and grades of C- or higher in all coursework. A grade of 0.0 or better is required in all Pathway courses to progress to the intensive nine-month MBA program.
- No work experience required.

Additional Requirements:
- Additional requirements: GMAT preparation: up to 40 hours of GMAT training.
- Additional requirements: TOEFL 575, 91  iBT with a minimum of 22 on all iBT subscores or a minimum score of 7 on the TOEFL.
- Additional requirements: IELTS 6.0
- Minimum GPA of 3.0 for the last 90 quarter credits (60 semester credits). This includes all coursework completed within the Pathway.
- Additional requirements: Completion of Pathway with minimum GPA of 3.0 and grades of C- or higher in all coursework. A grade of 0.0 or better is required in all Pathway courses to progress to the nine-month MBA program.
- Additional requirements: TOEFL (IBT) with a minimum score of 7 on the Test of English as a Foreign Language (TOEFL).
- Additional requirements: Graduate Management Admission Test (GMAT), with a minimum overall score of 500, minimum percentiles of 20 in verbal and quantitative sections, and a minimum analytical score of 4.
ENGLISH LANGUAGE PROGRAMS

INTO OSU ENGLISH LANGUAGE PROGRAMS
To enter any undergraduate or graduate degree program in the U.S., you must satisfy the university’s minimum English language requirements. At INTO Oregon State University, you can choose from a range of English language programs that will build upon your current skills and help you to meet your personal and professional goals.

INTO OSU’s English language programs offer an inspiring learning environment for you to explore your professional goals. Through classroom instruction and opportunities to engage outside of the classroom with other domestic and international students at OSU, you will build your skills and become more comfortable with the language.

Our extensive experience and our commitment to providing you with an outstanding experience make INTO OSU English language courses an ideal choice for students who wish to become confident speakers of the English language through study at a U.S. university.

A typical English language class size is 18-20 students.

ACADEMIC ENGLISH

Program Description
The Academic English program at INTO Oregon State University prepares international students for university study in the U.S. Academic English courses are offered all four terms of the OSU school year. The academically rigorous program provides international students with high-quality English language instruction and the academic skills to succeed at OSU through development of:
• Listening
• Speaking
• Reading
• Writing
• TOEFL preparation
• Academic study skills

Classes focus on developing communicative language ability at all levels. Students interact with instructors, classmates, OSU students, and members of the community.

Program Outcomes
After finishing this intensive program, students are able to use English successfully to complete academic course work at the undergraduate or graduate level and are ready to participate in classroom interactions as they begin degree studies at OSU.

By the end of the Academic English Program, successful students will be able to:
• Interact comfortably in the US classroom with professors and fellow students
• Understand US values in an academic setting
• Present their spoken and written ideas accurately and effectively in English
• Write research papers with proper use of citations and references
• Use the Internet and OSU library databases to conduct academic research
• Read, understand, and critically evaluate academic texts
• Understand and use vocabulary common to academic disciplines
• Take useful and accurate notes in academic lectures and presentations
• Develop and deliver oral presentations

Program Structure
• 8-weeks of instruction
• Levels 1 and 2 combine both General English and Academic English students
• 18 lessons per week of course work covering the core skills of reading, writing, listening, and speaking
• Choice of electives

Typical Electives Include
• Introduction to TOEFL
• Pronunciation and Oral Fluency
• Individualized Directed Learning
• Intermediate Grammar
• Guided Observation
• Advanced Grammar through Writing

ACADEMIC ENTRY REQUIREMENT

High school diploma

ENGLISH LANGUAGE ENTRY REQUIREMENT

None; students will be assessed and placed upon arrival.

LESSONS PER WEEK
18 to 21 class hours per week, which includes 12 to 15 hours of core language skills development and 3 to 6 hours of electives

LEVELS
1-6

PROGRESSION REQUIREMENTS FROM ACADEMIC ENGLISH

To Undergraduate Pathway programs
• Completion of Academic English Level 4 with a minimum C in all graded courses
• P(Pass) in all Pass/No Pass classes

To Direct Undergraduate Admission
• Completion of Academic English Level 6 with a minimum B average in all graded courses
• P(Pass) in all Pass/No Pass classes

To Graduate Pathway programs
• Completion of Academic English Level 5 with a minimum C in all graded courses
• P(Pass) in all Pass/No Pass classes

To Direct Graduate Admission
• Departments generally request a TOEFL score, although individual program entry requirements vary
The INTO OSU Learning Center has more than 100 computers available for student use.

I believe that language teaching needs to be relevant to the needs of the students. The classroom should be a safe, interesting, and welcoming place where students know they will get the support they need to build their English skills.

Jim Jamieson
INTO OSU Instructor and General English Assistant Coordinator
STUDY ABROAD WITH ENGLISH

Program Description
Study Abroad with English is a long-term program that combines Academic English language study with the chance to experience undergraduate courses at OSU. This unique program allows students to earn college credits in their field of interest without having to enroll in a long-term degree program. The length of the Study Abroad program will vary depending on a student’s needs. The program can be customized for different levels of English and for specific academic interests.

Students will study full-time Academic English at INTO OSU for one or more terms, depending on their current level of English, in order to reach the level they need to take undergraduate courses at OSU. Students are able to select from certain OSU domestic and international students while completing the required level for taking undergraduate courses and study alongside domestic and international students while completing the required level for taking undergraduate courses at OSU. This unique program allows students to earn college credits in their field of interest without having to enroll in a long-term degree program. The length of the Study Abroad program will vary depending on a student’s needs. The program can be customized for different levels of English and for specific academic interests.

Students will study full-time Academic English at INTO OSU for one or more terms, depending on their current level of English, in order to reach the level they need to take undergraduate courses at OSU. The length of the Study Abroad program will vary depending on a student’s needs. The program can be customized for different levels of English and for specific academic interests.

To come here and learn English in an American university is my dream! If I miss this chance, maybe I will never have this chance again. I promised my family I would not waste time here. I told them I will study hard, learn as much as I can, improve my English skills as much as I can, and grow up and be independent.

Tomohiro Okamoto, Japan
Academic English
UNDERGRADUATE SCHOLARSHIPS
Oregon State University offers several scholarships and tuition remission programs to qualified international undergraduate students. Some are highly competitive and require an application, while others are merit-based and automatically awarded based on your academic achievements. A minimum 3.5 GPA is required for consideration.

Learn about scholarships for international students at oregonstate.edu/international/awards/scholarships.

International Cultural Service Program
Established in 1983, the International Cultural Service Program (ICSP) has attracted many outstanding students from around the globe. The goal of the ICSP is to promote cultural diversity and increase cultural awareness and understanding at Oregon State University, throughout the local region and the state of Oregon. Undergraduate as well as graduate students are eligible to apply. A select number of academically meritorious international students who have demonstrated financial need, speak English clearly, and are prepared to share information about their country and culture serve on the ICSP each year. Students receive a partial tuition award (approximately $9,000) in exchange for giving presentations about their country and culture.

Provost’s International Scholarship
High-achieving undergraduate students entering the university as freshmen or transfer students are automatically considered for the Provost’s International Scholarship (PIS). Preference is given to international students with unexpected financial need in order to allow them to complete their degree programs. Scholarship amounts vary; but currently average awards are $1,000-3,000 per term.

EMPLOYMENT
Please note that F-1 international students in language training programs are not eligible for on-campus employment or practical training. Students must be in degree-seeking programs before on-campus employment or practical training is allowed. Degree-seeking international students on F-1 visas are eligible to work on campus for up to 20 hours per week while the term is in session and are eligible to work full-time (up to 40 hours per week) between terms and during annual summer vacations. Examples of employment opportunities on campus include computer lab assistant, student union events staff, and housing and dining staff. Off-campus employment requires authorization and is approved only under specific conditions.

Part-Time Work Requirements and Opportunities
Fully-admitted international students not enrolled in a language training program have the option of working part-time on the OSU campus while pursuing a degree. F-1 students do not need any additional authorization to work on campus, although they should visit International Student Advising and Services (ISAS) after getting a job offer if they need to get a Social Security card. J-1 students must always get employment authorization from their J-1 sponsor before on-campus employment or practical training is approved.

Working After Graduation
Depending on your visa, you may be eligible for Optional Practical Training or Academic Training. These generally provide work authorization for one year after graduation from a degree program. OSU’s International Student Advising and Services offers programs and workshops that help you understand the legal aspects of working in the United States. Contact them at 541.737.910 or sis.advisor@oregonstate.edu.

INTERNSHIPS
Internships also give you hands-on experience working in your field and the chance to apply what you’re learning in the classroom.

With the exception of students studying in intensive English programs and non-degree students, you may be eligible for Curricular Practical Training or Academic Training while pursuing your studies. In most cases, any off-campus employment or internship must be related to your field of study and approved in advance by OSU’s International Student Advising and Services (ISAS).

One of the most sophisticated of OSU’s internships is the Multiple Engineering Cooperative Opportunities Program (MECOP). The program is available to students in disciplines related to the engineering industry. In this innovative program, you’ll complete two six-month, paid internships at different companies, adding a year to your degree program.

As an international student, searching for an internship or practical experience can be difficult because of your legal status, but OSU offers the Beaver JobNet tool to help international students search for companies that accept F-1 and J-1 visas.

WAIVING HEALTH INSURANCE
If you have health insurance through your sponsor, a family member, or other source and would like to waive the mandatory OSU International Student Health Plan, you must show that your alternate insurance provides equal or greater coverage than the OSU International Student Health Plan. To see if your alternate insurance is acceptable, please download and carefully review the “International Student Health Plan Booklet” at studenthealth.oregonstate.edu/internationalplan.

STUDENT HEALTH SERVICES
Student Health Services (SHS) is the on-campus health facility. It is staffed by skilled physicians, health educators, nurses, and other valuable health professionals. All health professionals at SHS are credentialed as required by Oregon law.

Medical services available at SHS include, but are for this reason limited to, evaluation and treatment of illness and injuries, physical exams, immunization and allergy shots, acupuncture, women’s health, and nutrition counseling. A laboratory is located on site, and prescriptions can be processed in the SHS Pharmacy. For any services that are not completely covered by your student insurance, payment is due at the time of service. Your payment may be billed to your student account or paid in the Billing Office at the time of service.

After Hours Medical Assistance
• For medical advice after the SHS Office has closed, you can call 541.737.3274.
• Call 911 for emergencies.

You must submit this form, along with a complete copy of your insurance policy in English, with coverage amounts listed in U.S. dollars, at least two weeks before your course start date by mail, fax, or email to:
OSU Student Health Insurance
110 Plageman Building
Oregon State University
Corvallis, OR 97331
Fax: 541.737.7914
OSUstudentinsurance@oregonstate.edu

Please bring a copy of these materials with you to the US.

SCHOLARSHIPS, EMPLOYMENT AND INTERNSHIPS

TUITION REMISSION SCHOLARSHIP FOR INTERNATIONAL STUDENTS
The Tuition Remission Scholarship for International Students (TRIS) awards partial tuition assistance to continuing international students in F-1 and J-1 visa status. Eligible applicants for the TRIS must be pursuing a degree program, maintain good academic standing, have completed at least one year of studies at OSU, and demonstrate financial need. Undergraduates must hold a minimum of 2.5 GPA and graduate students must maintain 3.0 GPA. Preference is given to international students with unexpected financial need in order to allow them to complete their degree programs. Scholarship amounts vary, but currently average awards are $1,000-3,000 per term.

F-1 international students attending OSU must provide proof of two (2) doses of measles, mumps, and rubella (MMR) (either combined in the MMR vaccine, or vaccine as individual doses) before starting classes.

Please complete and return the International Health History Form at least two weeks before the start of your program. The form is available in your Pre-Departure Orientation packet or online at studenthealth.oregonstate.edu/international-students. The form must be signed by your doctor.

Return forms by mail, fax, or email to:
International Health Services
20 Plageman Building
Oregon State University
Corvallis, OR 97331
Fax: 541.737.6666
internationalhealth@oregonstate.edu

IMMUNIZATION REQUIREMENTS
All international students attending OSU must provide proof of two (2) doses of measles, mumps, and rubella (MMR) (either combined in the MMR vaccine, or vaccine as individual doses) before starting classes.

The following requirements are based on 2011-2012 rates and are subject to change:

• Cost per term: $595
• Cost per year: $1,100
• General English students cost per week: $22

INTERNATIONAL STUDENT HEALTH INSURANCE

Non-resident international students are required to have health insurance coverage that meets U.S. Government visa requirements, Oregon State, and Oregon State University requirements. For this reason, the OSU International Student Health Insurance Plan will be automatically added to your student fee unless proof of adequate alternate coverage is provided.

In some cases, if you are sponsored and your sponsor’s coverage is known to meet OSU requirements, or for those Graduate Assistants, pre-admission, or on-line only students, please contact Student Health Services at 541.737.910 or sis.advisor@oregonstate.edu.

Please note that F-1 international students not enrolled in a language training program have the option of working part-time on the OSU campus while pursuing a degree. F-1 students do not need any additional authorization to work on campus, although they should visit International Student Advising and Services (ISAS) after getting a job offer if they need to get a Social Security card. J-1 students must always get employment authorization from their J-1 sponsor before on-campus employment or practical training is approved.

Note: Internship opportunities are only available to full-time students enrolled in degree-seeking programs. Students in intensive English programs are not eligible for internships.

COVERAGE AMOUNTS
For a more detailed listing of all coverage amounts, visit studenthealth.oregonstate.edu/internationalplan.

• Accident and sickness: $260,000 per condition
• Deductible: students: $50, dependents: $50
• Office visits, lab tests, X-rays: $100 per visit coverage
• Outpatient prescription drugs (includes diabetic supplies and medications): $50 per prescription

Must be covered by Preferred Care.

If you have health insurance through your sponsor, a family member, or other source and would like to waive the mandatory OSU International Student Health Plan, you must show that your alternate insurance provides equal or greater coverage than the OSU International Student Health Plan. To see if your alternate insurance is acceptable, please download and carefully review the “International Student Health Plan Booklet” at studenthealth.oregonstate.edu/internationalplan.

Please note most travel insurance policies purchased in your home country will not meet the waiver requirements. To avoid unnecessary expense, please carefully review all waiver requirements in Section 4 of the Waiver Requirements Form. If your plan meets ALL the waiver requirements and you would like to apply for the waiver, please download and complete the “International Waiver Form” at studenthealth.oregonstate.edu/internationalplan.

Students can be assured that their health is supported by many caring staff and faculty members.

OSU INTERNATIONAL APPLICATION PROCESS

APPLYING TO OREGON STATE UNIVERSITY
Once you have applied to Oregon State University, our team of experienced admissions staff will ensure that your application is processed swiftly and that you receive the correct documents, including your I-20 or DS-2019, so that you can successfully obtain your student visa for entry into the US.

To download a paper application or to submit an online application, please follow this link: oregonstate.edu/admissions/international/apply.

Step 1: Complete the Application
Complete the OSU International Application for Admission, including the authorization for any third party acting on behalf of student applicant.

• Complete the OSU International Certification of Finances Form.
• Submit a bank statement and/or letter of sponsorship that is dated within 3 months of the time of application.
• If available, submit copy of passport ID, including dependents (if applicable).
• Submit US $50 application fee.
• True copies of the original documents are acceptable for admission purposes. If admitted, the original/official copies of the documents must be submitted to the Office of International Admissions prior to registration.
• English translations must accompany all documents issued in languages other than English.
• Submit language proficiency scores including TOEFL or IELTS. OSU’s ETS school code is 4586.
• If payment is being sent by wire transfer, the bank details for the Oregon State Treasury are as follows:
  - Name: Oregon State Treasury
  - Address: 615 N.E. Liberty Street, Salem, OR 97301
  - SWIFT Code: USBKUS44IMT

To learn about OSU’s immunization requirements and International Student Health Insurance Requirements, visit studenthealth.oregonstate.edu/international-students.

Step 2: Submit the Application
Submit your supplementary material. It is preferred that applications be submitted online where possible and supplementary documentation for evaluation either uploaded electronically or as attachments in email format.

Glossary

Understanding the terminology used at American universities is crucial to student success. Familiarizing yourself with these terms before arriving at Oregon State University will help you enter your new academic setting with confidence, ready to succeed.

**Academic English Program:** English language preparation for American university study.

**Accreditation:** To recognize (an educational institution) as maintaining standards that qualify the graduates for admission to higher or more specialized institutions or for professional practice.

**Attendance:** The frequency with which a student is present in class. Attendance is monitored and is required for students to successfully complete their coursework.

**Bathroom:** A room containing a toilet and usually a bathtub and shower and a sink.

**Conditional Admission:** An acceptance to a college or university that is dependent upon the individual completing coursework or meeting specified criteria prior to enrollment, such as English language proficiency. At OSU, conditionally admitted students meet the academic requirements for entry to a degree-seeking program, but lack the English language level required. They are then placed in a combination of Academic English and Academic courses, depending on their level.

**Credit Hour:** Units used to record the completion of courses (with passing grades) that are required for an academic degree. The university catalog defines the number and kinds of credits that are required for the university’s degrees and states the value of each course offered in terms of “credit hours” or “units.”

**Cumulative:** Increasing in effect, size, quantity, etc. by successive additions; accumulated; taking successive additions into account

**Dining Center:** A group of restaurants and cafés close to each residence hall. Similar to a cafeteria or canteen.

**Dormitory:** A building for housing a number of persons, as at a school. Synonymous with accommodation, housing.

**Double Room:** A shared room, normally between two students. This is a traditional American room type.

**Elective Course:** A course that the student can select from among alternatives.

**Emergency Contact Number:** A 24-hour resource for students in case of emergency. However, during regular business hours (7:30am-5:00pm), please call the INTO OSU Front Office at 541.737.2464.

**General English Program:** English language study for personal, professional or everyday use.

**GPA:** Grade Point Average – a system of recording achievement based on a numerical average of the grades attained in each course. A score of 4.0 is a perfect GPA.

**Greek Life:** Greek letter organizations are single-sex, initiatory organizations with membership considered active during the undergraduate years only, otherwise known as fraternities or sororities.

**Homework:** Assignments that are to be completed outside of class time (especially at home).

**Intramural Sports:** Recreational sports.

**Meal Plan:** The amount of money placed on a student’s identification (ID) card used to purchase meals and food on campus.

**NCAA, Division 1, Pac-12 Conference Sports:** The highest level of American College football competitions, which includes 10 flagship research universities in their respective regions. The 10 member universities are well-regarded academically, and with relatively large student enrollment.

**Orientation:** Presentations and information sessions designed to introduce new students to their academic program, to Oregon State University and to life in Corvallis. All students are required to attend orientation.

**Pathway Program:** Accelerated program for advanced students that combines OSU undergraduate or graduate study in a chosen field with specialized support classes and upper level English language courses.

**Placement Test:** An examination used to test a student’s academic ability in a certain field (such as English language proficiency or mathematics) so that he or she may be placed in the appropriate courses in that field.

**Progression:** The movement from one program to a more academically rigorous one, such as from the General English program to Academic English, from Academic English to Pathway program or from an INTO OSU program to an undergraduate or graduate degree program.

**Residence Hall:** Another term for dormitory or an on-campus residence.

**Resident Assistant (RA):** A live-in student worker available to assist students living in residence halls.

**Resident Director (RD):** A live-in, full time staff member available to assist students living in residence halls.

**Single Room:** A private bedroom for one student.

**Student Services:** Resources to assist with and enhance all aspects of student life outside the classroom.

**Greek Life:** Greek letter organizations are single-sex, initiatory organizations with membership considered active during the undergraduate years only, otherwise known as fraternities or sororities.
SECTION 4
Declaration of Finances
If it is determined that you are admissible to Oregon State University, OSU can provide you with an I-20 (F-1) or DS-2019 (J-1) only after you submit satisfactory evidence that you have adequate funds for your proposed program of study. Acceptable financial documents must have been issued by the financial institution within 6 months of the date the application was submitted and must accompany this form. Be sure to keep copies of these documents as you will need to present them to the US Consular Officer at your visa interview and to the US Immigration Officers at the Port of Entry. The following documents are not acceptable for the Certification of Finances: stock holdings, life insurance policies, letters, credit lines, and mortgages. Please note OSU regulations restrict student employment, and therefore, it is important not to rely on employment income to offset your educational expenses.

Please refer to page 74 for INTO OSU program costs or osregnate.edu/admissions/international/cost-of-attendance for OSU degree programs.

Personal savings
Bank statement, or if written, from a savings or draft/checking account with current balance of liquid assets.

Charges apply: $500 cancellation fee prior to the published start date.

After the published start date for Fall or Campus Year Abroad there will be no refunds.

Academic Programs [Includes students who were issued 1-2-3-4 for General English and Campus Year Abroad Only]

After the published start date for Academic English in Study Abroad with English there will be no refunds.

Program Changes [Includes students who were issued 1-2-4 for Undergraduate or Graduate Program(s) $200 cancellation fee prior to the published start date. This includes students who require Academic English in the Pathway program and have received a four-year visa.

If a student has elected to take more than one program of study the student will pay for each program individually.

After the published program date for Academic English or Study Abroad with English the student will pay for each program individually.

Cancelation or Withdrawal Penalty Upon Arrival in the US

If a student is in a GE, SAWE, Campus Year Abroad or AE Program, any charges will not be refunded.

If an International Student is placed in a designated program in the US, they will be required to indicate missed or delayed flights.

For students who are placed on academic or other suspension will not be penalized financially for completing the language training earlier than anticipated. The unused tuition and fees will be applied properly cleaned or there is lost/damaged property

Note that some universities may have additional requirements, such as a thesis written during the final year of study. The term “undergraduate study” refers to a bachelor’s degree program. In the US, the words “college” and “university” may be subject to change without notice.
