

IIFET 2008
**Achieving a Sustainable Future: Managing Aquaculture, Fishing,
Trade and Development**

Table of Contents

Preface

by Dr. Kim Anh Thi Nguyen

Introduction

by Cathy Roheim, IIFET President & Ann Shriver, IIFET Executive Director

Welcome

by Mr. Luong Le Phuong, Vice Minister of MoA&RD, Vietnam

Keynote Speakers

Day 1: Tuesday, 22 July

Fisheries Development and Management – some Reflections on Vietnam
(Paper) by Professor Ola Flaaten

Day 2: Wednesday, 23 July

Achieving a Sustainable Future for Fishery and Aquaculture (Power Point) by Dr.
Nguyen Huu Dzung

Day 3: Thursday, 24 July

*The Emerging Dominance of Aquaculture: Implications for Trade and
Management* (Power Point) by Professor James L. Anderson

Day 4: Friday, 25 July

Economic Management and Thresholds in Ecosystems (Power Point) by
Professor Aart de Zeeuw

Conference Presentations, Organized by Themes and Sessions

(Materials included in Proceedings are indicated in parentheses)

Analytical Methods

W 14:15 - Analytical Methods: Game Theory

Atlantic Salmon Fishery in the Baltic Sea - A Case of Trivial Cooperation (Paper) by Soile Kulmala, Marko Lindroos, Pedro Pintassilgo

Bio-manipulation and Strategic Fisherman Behaviour: A Game Theoretical Approach (Extended Abstract Only) by Jarno Virtanen, Antti Iho, Kimmo Ollikka, Julia Pavlova

Fair Allocation as Policy Handle to Discourage Free Riding in Regional Fisheries Management (Paper) by Kim Hang Pham Do, Henk Folmer

Strategies of Game Theory in the Marketing of Marine Catch for Small, Medium and Large Fishermen. (Paper) by Nik Hashim Nik Mustapha

W 16:15 - Analytical Methods for Management: Using Game Theory in Resource Allocation

Resource allocation by contest or bargaining (Paper) by Eirik Mikkelsen
Skipjack, yellowfin and bigeye tuna allocation within a game theoretic framework (Abstract Only) by Megan Bailey, U. Rashid Sumaila

F 11:30 - Management/Analytical Techniques: Non Market Valuation Techniques

Biodiversity of river Ganga (India): An Environmental Economist Perspective (Abstract Only) by Rama Shanker Shrivastava

Evaluation of Consumer Choices on Spinner Dolphin Excursions and the Implications on Spinner Dolphin Conservation (Abstract Only) by Minling Pan, Katya Boehle, Linda Cox, Wuyang Hu

Impact Reduction in Demersal Fisheries: A Multi-Criteria Assessment of Objective Priorities (Paper) by James Innes

Wind Farming vs Mobile Gear Fishing: is there room for a bargain? (Abstract Only) by Joshua Wiersma

Aquaculture

Tu 11:10 - Aquaculture: sustainability and the environment

Aquaculture and Happiness in Vietnam - A Microeconomic Analysis (Paper) by Duc Nguyen, Henry Kinnucan, Diane Hite

Coastal Aquaculture Development in Bangladesh: Un-sustainable and Sustainable Experiences (Paper) by Abul Kalam Azad, C. Kwei Lin, Kathe R. Jensen

Methodology for Measuring Environmental Efficiency in Aquaculture (Abstract Only) by Abul Kalam Azad, C. Kwei Lin, Kathe R. Jensen
Shrimp farming in Vietnam: at the crossroads of sustainability (Power Point) by Pascal Raux, Denis Bailly, Nhuong Tran Van

Tu 14:00 - Aquaculture: Feed and Fishery Interactions

An analysis of the fishmeal industry: From wild fisheries to international fishmeal and fish oil markets (Abstract Only) by Guillaume Péron, Bertrand Le Gallic

Capture-based aquaculture - sustainable value adding to capture fisheries? (Paper) by Oystein Hermansen, Bent Dreyer

Economic Inefficiency and Environmental Impact: An Application to Aquaculture Production (Abstract Only) by Kristin H. Roll, Frank Asche, Ragnar Tveterås

Estimating pollution abatement costs of salmon aquaculture (Abstract Only) by Yajie Liu, Rashid Sumaila, Sumeet Gulati

W 9:40 - Aquaculture: Sector Analysis

Chinese Aquaculture: A Comparative Analysis of the Competitiveness of regional aquaculture industries (Paper) by Che bin

Is fish farming a way for economic development in the French overseas territories ? (Paper) by Catherine MARIOJOULS, Sophie Girard

Tradeable Use rights for Fishpond Leases or Mangrove Areas Restoration (Abstract Only) by Catherine MARIOJOULS, Sophie Girard

W 11:30 - Aquaculture: Sector Development I

An Examination of Productivity Potential of Aquaculture Farms in Alleviating Household Poverty: (Paper) by Kolawole Ogundari

Farmer Decision under Market Uncertainty: A Real Option Analysis of Shrimp Farming in Vietnam (Not Available) by Linh Nguyen Duy, Tihomir Ancev

W 14:15 - Aquaculture: Sector Development II

Filling the Gap - Namibia's Aquaculture (Abstract Only) by Wilbard Nashandi

Heading Offshore: New Challenges for Sustainable Shellfish Aquaculture

(Abstract Only) by Chris Batstone, Kevin Heaseman, Nigel Keeleey, Ben Knight

Lobster Aquaculture in Vietnam (Abstract Only) by Knut Heen, Le Anh Tuan

W 16:15 - Aquaculture: Farm Management: Shrimp

Cost and Returns of Extensive Shrimp (Penaeus Monodon) in Disease-Affected Area: A Farm Ownerships Comparison (Abstract Only) by Knut Heen, Le Anh Tuan

Farm management to mitigate disease and financial risks: optimal combination of stocking density, initial culture time, and length of grow-out period for a semi-intensive shrimp farm in northwest Mexico (Abstract Only) by Edgar Sanchez, Francisco J. Martinez-Cordero, Juan M. Hernandez

Partial Harvesting in Intensive Shrimp Culture: A Network-Flow Model (Abstract Only) by Run Yu, PingSun Leung, Paul Bienfang

Returns of Different Cropping Systems in Disease-Affected Shrimp Areas in Southwest Bangladesh: An Economic Evaluation (Abstract Only) by S. M. Nazmul Alam, Bob Pokrant

Th 16:15 - Aquaculture: Farm Management

Modelling adoption of rice-fish systems with fuzzy logic (Paper) by Roel Bosma, Nhan Dang Kieu

Partial substitution of balanced feed by Chaya leaves in Nile tilapia production: a bioeconomic analysis (Paper) by Gaspar Roman Poot Lopez, Eucario Gasca Leyva

Profitability Analysis of Aquaculture Production in Nigeria (Abstract Only) by J. A Afolabi

The financial and economic feasibility of smoke catfish as a viable enterprise for limited resource catfish farmers (Abstract Only) by Curtis Jolly, Oyie Omali-Marcena, Youssuf Diabate, Yifen Wang, Ntam Barahanyi

Tu 16:00 – Posters

Are There Any Potential Conflicts Between Domestic and Export Production in Vietnam Fisheries Industry? (Paper) by Ly Nguyen

Believe your hands have power; Utilizations of underutilized resources for poverty alleviation of Sri Lanka (Power Point) by Mohottala Gedara Kularatne, Clevo Wilson, Sean Pascoe, Upali Sarath Amarasingher, Sena De Silva

Bioeconomic analysis of ration size in intensive tilapia culture (Abstract Only) by Gaspar Roman Poot Lopez, Eucario Gasca Leyva

Do low price fish, have high nutritional value? (Paper & Power Point) by Dimitrios Lenas, Costas Perdikaris, Ioannis Paschos

Economic Gains to Fish Farmers Resulting from Research Conducted under the Aquaculture Collaborative Research Support Program (Power Point) by Dimitrios Lenas, Costas Perdikaris, Ioannis Paschos

Farm-Level Efficiency and Resource-Productivity: Application of Stochastic Frontier Analysis to Aquaculture Farms in the South-West Nigeria (Paper) by Kolawole Ogundari

Post-Tsunami Economic Analysis of Cage Culture Farms along the Andaman Sea Coast, Thailand (Paper) by Apirak Songrak, Rattanaporn Anantasuk, Suwat Tanyaros, Suchat Sangchan

Socio-economic Status of the Post-Tsunami Cage Aquaculture Farmers along Andaman Sea Coast, Thailand (Paper) by Rattanaporn Anantasuk, Mr. Apirak Songrak, Assoc Prof. Suwat Tanyaros, Mr. Suchat Sangchan

Sustainable extensive and semi-intensive coastal aquaculture in Southern Europe (Power Point) by Pascal Raux, Denis Bailly

Technical approaches and aquaculture development alternatives (Paper) by Linh Nguyen, Phuoc Nguyen, Tuan Le, Chau uyen le tat

Aquaculture/Development

Th 14:15 - Development: Beyond incomes: Multiple dimensions of poverty and wellbeing in fishing communities

Crew Members in South Africa's Squid Industry; Whether They Have Benefited From Transformation Policy and Governance Reforms (Abstract Only) by Mafaniso Hara

Inland fisheries and Livelihoods of the Mayan Zone in Quintana Roo, Mexico (Abstract Only) by Minerva Arce-Ibarra, Anthony Charles (Presenting author)

Remuneration of Crew Members of Coastal Fisheries, The Case of South-Central Vietnam (Abstract Only) by Kim Anh Thi Nguyen, Thanh Thuy Thi Pham, Ola Flaaten

Role of Aquaculture in Poverty Reduction and Empowerment of Women in India Through the Medium of Self-Help Groups (Paper) by Subbarao Nune

Aquaculture/Markets

Th 9:40 - Innovation, Production and New Markets in Aquaculture I (Special Session)

A Comparative Index Characterization of Shrimp Farms in Bangladesh, India and Indonesia (Abstract Only) by Daniel Gordon, Trond Bjørndal

Application of a Dynamic Stochastic Adaptive Bioeconomic Model to Evaluate the Economics of Offshore Bluefin Tuna Aquaculture (Paper) by Gina Shamshak, James Anderson

Is tilapia the same product worldwide or are markets segmented? (Paper) by Ana Norman-López, Trond Bjørndal

New aquaculture species: Market incentives and barriers for growth (Abstract Only) by Trine Trollvik

Oyster farming and externalities: a bioeconomic approach (Paper) by Laurent Le Grel, Laurent Barillé, Guillotreau Patrice, Véronique Le Bihan, Abdeljalil Nachaoui

Th 11:30 - Innovation, Production and New Markets in Aquaculture II (Special Session)

Market Interactions between Aquaculture and Common-Property Fisheries: Examining the Empirical Evidence from the Bristol Bay Sockeye Salmon Fishery in Alaska (Paper) by Diego Valderrama, James Anderson
Modeling Price Spread for Salmon Across Different Monetary Markets (Abstract Only) by Thomas A. Larsen
New' and 'old' species meet new seafood market: Russian demand for imported seafood products (Abstract Only) by Ragnar Tveteras, Sigbjorn Tveteras
The Economics of Norwegian Salmon Farming: A Review of 30 years of Production Growth.(Power Point) by Kenneth Løvold Rødseth, Atle G. Guttormsen
The Halo Effects of Norwegian Salmon Promotion on EU Atlantic Salmon Demand (Paper) by Jinghua Xie, Oystein Myrland

Th 14:15 - Innovation, Production and New Markets in Aquaculture III (Linked session) (Special Session)

Acceptance of Sunray Venus Clams as a New Aquaculture Product in Florida (Abstract Only) by Chuck Adams, Leslie Sturmer
Adoption and farm-level impact of genetically improved farmed tilapia (GIFT) in the Philippines (Paper) by Diemuth E. Pemsil, Oai Li Chen, Thongporn Tongruksawattana, Yolanda T. Garcia, Emmanuel Vera Cruz, Tereso Abella, Hermann Waibel
Changing Pattern in the Comparative Advantage of Shrimp Culture in Asia and the Competitiveness in the Japanese Markets (Paper) by Minoru Tada Tada, Seiichiro Ono
What is the demand for farmed fish on the European markets? (Paper) By Sophie Girard, Catherine Mariojous

Development

Tu 11:10 - Western & Central Pacific fisheries commission: challenges for sustainable fisheries development (Special Session)

Fishing for a Future: Models of Tuna Resource Allocation under the Western and Central Pacific Fisheries Convention (Abstract Only) by Hannah Parris
The Stability of Rent Maximization in the Western and Central Pacific Fishery (Paper) by John Kennedy, Rögnvaldur Hannesson
Tuna Fishery Management in the Western Central Pacific - An Industry Perspective (Paper) by Phil Roberts
Tuna industries development potential in Pacific Islands countries: aspirations, feasibility and influences in the WCPFC (Power Point) by Kate Barclay

W 16:15 - Reframing Fisheries Governance to Include Poverty Reduction: Do Different Frames Alter Picture Presented to Policy Makers? (Special Session)

A human Acceptance of Sunray Venus Clams as a New Aquaculture Product in Florida (Abstract Only) by Chuck Adams, Leslie Sturmer
Adoption and farm-level impact of genetically improved farmed tilapia (GIFT) in the Philippines (Paper) by Diemuth E. Pemsl, Oai Li Chen, Thongporn Tongruksawattana, Yolanda T. Garcia, Emmanuel Vera Cruz, Tereso Abella, Hermann Waibel
Changing Pattern in the Comparative Advantage of Shrimp Culture in Asia and the Competitiveness in the Japanese Markets (Paper) by Minoru Tada Tada, Seiichiro Ono
What is the demand for farmed fish on the European markets? (Paper) By Sophie Girard, Catherine Mariojous

fisheries development (Special Session)

Fishing for a Future: Models of Tuna Resource Allocation under the Western and Central Pacific Fisheries Convention (Abstract Only) by Hannah Parris
The Stability of Rent Maximization in the Western and Central Pacific Fishery (Paper) by John Kennedy, Rögnvaldur Hannesson
Tuna Fishery Management in the Western Central Pacific - An Industry Perspective (Paper) by Phil Roberts
Tuna industries development potential in Pacific Islands countries: aspirations, feasibility and influences in the WCPFC (Power Point) by Kate Barclay
A human rights approach to fisheries and fisheries-management (Abstract Only) by Chandrika Sharma
Exploring Wellbeing in Fisheries - A New Insight on Poverty and Sustainable Fisheries Research and Policy (Abstract Only) by Sarah Coulthard, Derek Johnson, Allister McGregor
Floundering among frameworks? (Abstract Only) by Edward Allison
Rent Maximization and the Wealth Based Approach (Abstract Only) by Rashid Sumaila
Resilience and Small-scale Fisheries in the Developing World (Abstract Only) by Neil Andrew
The Ecosystem Approach to Fisheries (Abstract Only) by Anthony Charles

Th 11:30 - Development: Technological Innovation in Subsistence Fisheries and Aquaculture

Developing Artificial Reefs as a Possible Solution to Ameliorate Small-Scale Fishing Community Livelihoods: Some Case-Studies (Abstract Only) by Jorge Ramos, Miguel N. dos Santos, David Whitmarsh, Carlos C. Monteiro
Rural aquaculture as a means of poverty reduction: Culture-based fisheries in Sri Lanka (Abstract Only) by Mohottala Gedara Kularatne, Clevo Wilson, Sean Pascoe, Upali Sarath Amarasingher, Sena De Silva

Th 16:15 - Development: Vulnerability and Adaptation

Assessing Vulnerability to Poverty in Fishing Communities (Paper) By Christophe Béné

The Contribution of Aquaculture and Fishery Resources to Rural Livelihoods: Evidence from Household Consumption in Vietnam (Abstract Only) by Elkana Ngwenya

Three Years Post-Tsunami Rehabilitation of Fish Cage Culture on the Andaman Coast of Thailand: Current Status and the Need for Future Support (Paper) by Suwat Tanyaros, Apirak Songrak, Rattanaporn Anantasuk, Suchat Sangchan

Valuation of the Mekong River fisheries. (Abstract Only) by Suwat Tanyaros, Apirak Songrak, Rattanaporn Anantasuk, Suchat Sangchan

Water Resource Exploitation of the Mekong River Basin and the Influences on the Inland Fisheries of Cambodia (Paper) by Minoru Tada, Wenfeng Huang, Shintaro Kobayashi, Hajime Tanji

F 11:30 - Development: Small Scale Fisheries/Aquaculture Sector Development Issues

Contribution of Fishing to Households' Economy - Evidence From Fisher-Farmer Communities in Congo (Paper) by Christophe Béné

Development of Ports and its Impact on Marine Fish Production: A Critical Study of Gujarat State (India) (Abstract Only) by Anjani Asthana, Vilas Kulkarni

Financing Fishing Activities and Role of Some NGOs in Bangladesh- An Evaluative Study (Abstract Only) by Mohammed Uddin, Mohammad Jahur

Overfishing in Small Scale fishery (Abstract Only) by Erwin Rathnaweera, Jayantha Gunasekara

Tu 16:00 – Posters

Challenges, Opportunities, and Effective Solutions for the Enhancement of Sustainable Fisheries Development Planning Capacity in Vietnam (Paper) by Cuong Hoang Van

Do Fishery Barometer Reflect Corresponding Economic Statistics? (Paper) by Anssi Ahvonen, Asmo Honkanen, Lari Veneranta

Economic Impacts of Recreational Fishing in Alabama, USA (Abstract Only) by Gbenga Ojumu, Diane Hite, Deacue Fields

Empowering Youths To Fight Unemployment And Poverty Through Efficient Fish Farming Strategy In Nigeria (Abstract Only) by Sylvester Oluwadare Ojo, O A Fagbenro

Fishermen and Distribution System in the Fishing Sector of the South Central Vietnam (Paper) by Phan Thi Dung

Lessons from traditional fisheries management (Power Point) by Erwin Rathnaweera, Jayantha Gunasekara

Livelihoods development for MPA affected communities - a case study of Cu Lao Cham (Abstract Only) by Thanh Viet Nguyen, Paula Brown

Participatory Approach to Fishing Crafts Building in Post Tsunami Scenario
(Power Point) by Jayantha Gunasekara, Erwin Rathnaweera
Problems and Prospects of Small-Scale Fisheries Development in India (Abstract
Only) by Pazhani Kanthiah
*Prospects and challenges of kattudel fishery : an ancient fishing technique in Sri
Lanka* (Paper) by Dilanthi Korlagama, Pubudu Ashan

Fishing Sector

Th 9:40 - Fishing Behavior: Spatial and Non Spatial Analysis

Habitat-destructive fishing practices (Abstract Only) by Eirik Mikkelsen
I will be back. Labour supply of paua (abalone) divers in New Zealand. (Abstract
Only) by Håkan Eggert, Viktoria Kahui
Information Spillovers Among Resource Extractors (Abstract Only) by John
Lynham
Location Choice Behavior Modeling of Shrimp Fishermen in the Gulf of Mexico
(Paper) by Tao Ran, Walter Keithly, Richard Kazmierczak

F 11:30 - Fishing Sector Analysis: Artisanal and Commercial Fleets

An Analysis of the Tuna-Mackerel Gillnet Fishery in Nha Trang, Vietnam
(Abstract Only) by Kim Anh Thi Nguyen, Tuan Nguyen, Ola Flaaten, Tram
Anh Thi Nguyen
Fishing Revenue, Productivity and Product Choice in the Alaska Pollock Fishery
(Abstract Only) by Catherine Morrison Paul, Ronald Felthoven, Marcelo
Torres, Ronald Felthoven, Ronald Felthoven, Ronald Felthoven, Ronald
Felthoven
Small versus Large-Scale Fishing Operations in the Azores Archipelago
(Abstract Only) by Natacha Carvalho
Structural changes in the Icelandic fisheries sector- a value chain analysis
(Paper) by Ögmundur Knútsson, Helgi Gestsson, Olafur Klemensson
*The Institutional Transition of Operational Systems of Fishing vessels in the East
Sea Region of China: Analysis of Paths, Situation and Performance*
(Paper) by Zheng-yong Yang, Guo-qiang Sheng

International Trade

Tu 11:10 - Trade: Globalization and Trade flows

Globalization and the dynamics of international fish trade (Paper) by Audun Lem,
William Emerson
Prospects for Trade in Seafood Products on the Pacific Rim (Abstract only) by
michael dalton, Monica Galligan

Tu 14:00 - Trade: Barriers and Conflicts

Effects of US Antidumping under the Byrd Amendment: The Case of Catfish
(Paper) by Duc Nguyen, Henry Kinnucan
Examination of Trade Sanctions and Port State Controls to Promote Sustainable Fisheries (Paper) by Brad Gentner, James Kirkley
Louisiana Crawfish Tail Meat and Competition From China: An Analysis of the Effectiveness of Antidumping Duties (Abstract Only) by Walter Keithly

Th 16:15 - Trade, Market Structure and Conduct: Tuna and other cases

Is There Any Structural Change in the World Frozen Shrimp Market? (Abstract Only) by Giap Nguyen, Curtis Jolly
Market Power and the European Tuna Oligopsony: Implications for Fisheries and Trade (Paper) by Patrice Guillotreau, Rémi Mongruel, Ramón Jiménez-Toribio
Production Efficiency of the Tuna fleet of Azores and Madeira: a technical and strategic analysis (Abstract Only) by Joao Dias, Marta Mendonca

Tu 16:00 – Posters

International Seafood Trade and Its Impacts on Fisheries and Fishing Communities (Abstract Only) by Rao Nune Subba
Trade Patterns for Spiny Lobster Harvested in the Gulf of Mexico and Caribbean Regions (Abstract Only) by Chuck Adams, Sherry Larkin, Raul Cruz

Markets/Marketing

Tu 11:10 - Markets: Supply/production chain issues

A Study on the Relative Efficiency of Shrimp Processing Plant in Thailand
(Abstract Only) by Amporn Laowapong
Analysis of Smoked Fish Marketing in Nigeria (Abstract Only) by J. A Afolabi
Role of Mobile Phone in Distribution Channel: A Study on Fishing Sector in Bangladesh (Abstract Only) by Tunazzina Sultana, Mohammed Uddin
The Value Chain for Philippine Tuna Commodity: Recent Developments and Future Directions (Paper) by Haruko Yamashita, Evelyn Belleza

W 9:40 - Building decision-making capability in international seafood marketing: Field-researched, decision-focused case method (Jodice-Sylvia) (Special Session)

Building decision-making capability in international seafood marketing: Field-researched, decision-focused case method (Abstract Only) by Gilbert Sylvia, Laurie Jodice, Michael Harte

W 11:30 - Markets for Ecolabeled Seafood: What is the Future? III (Linked) Labelling, Certification, and Traceability (Special Session)

An Empirical Investigation of the Impacts of Mandatory Warning Labels on the Demand of Oysters in the United States (Paper) by Cheikhna Dedah, Walter Keithly, Richard Kazmierczak

Consumer Preferences for Seafood Information Attributes (Abstract Only) by Robert Fonner, Gil Sylvia

On Consumer's WTP(Willingness to Pay) for Fishery Product Traceability System in China (Paper) by Xiaoshuan Zhang, Feng Wang, Weisong Mu, Zetian Fu

The Harmonization of Food Safety and Traceability in Farmed Fish Production, An Example of Grouper Industry in Taiwan (Paper) by Shin-Chang Chen, Ching-Ta Chuang, Fan-Hwa Nan

Traceability Marketing (Abstract Only) by Iain Pollard

W 14:15 - Markets for Ecolabeled Seafood: What is the Future?

Aquaculture Certification and the Seafood Trade (Abstract Only) by Daniel Lee

Making Ecolabelling relevant to the developing world (Paper) by Duncan Leadbitter

Organic Aquaculture in Vietnam (Abstract Only) by Dung Huu Nguyen

WWF Experiences in Responsible Aquaculture (Paper) by Flavio Corsin, Jose Villalon

WWF views on the future of eco-labeled fishery products (Abstract Only) by Flavio Corsin, Jose Villalon

W 16:15 - Markets for Ecolabeled Seafood: What is the Future? II (Special Session)

"Responsible Retailers": Policy Challenges Raised by Private Standards in the Seafood Sector (Paper) by Ingrid Kelling

Can Ecolabeling Reform Poorly Managed Fisheries? Evidence from the Pollock Market (Abstract Only) by Cathy Roheim

Evaluating the Social Impacts of Eco- and Ethical Fish Labeling on Small-scale Producers in Senegal (Paper) by Charlotte Tindall (née Howard), Papa Gora Ndiaye, Katrien Holvoet, Moustapha Kebe

Supply Chain Demand for Sustainable Seafood (Abstract Only) by Frank Asche, Cathy Roheim

The seafood ecolabeling experience in France: a new a new market for lemons? (Paper) by Patrice Guillotreau, Marie-Christine Monfort, Yves Perraudeau, Frédéric Salladarre

Th 9:40 - Markets: Consumer Attitudes

Consumer Attitudes and Consumption Choices in the California Salmon Market (Abstract Only) by Kristy Wallmo

Consumer Concern for Ethical Issues in Fish Farming: A Segmentation Study (Paper) by Pirjo Honkanen, Svein Ottar Olsen

Diversification into the UK Market for Locally Produced Tilapia. (Paper) by James A Young, Kathleen Boyd, David C Little, Andrew Watterson, Francis Murray, Sarath Kodithuwakku, William Leschen
Factors Affecting Consumer's Attitudes Towards Aquaculture (Paper) by Jose Fernandez-Polanco, Ladislao Luna, Jose Luis Fernandez-Sanchez
Individual Perception of the Impact of Fishing on Halieutic Resources: European Evidence (Paper) by Yves Perraudeau, Frédéric Salladarré, Boubaker Hlaimi

Th 11:30 - Markets: Seafood Consumption in Asia

Factors Affecting the Decision Process of Catfish Consumers: An Empirical Study in the Two Biggest Cities in Vietnam (Paper) by Mai Thi Xuan Huynh, Oystein Myrland
Import Demand for Thai Frozen Seafood in Japan (Paper) by Ruangrai Tokrisna, Walaiporn Thambamrung
Motivation to consume fish (seafood) in Vietnam (Paper) by Thong Tien Nguyen, Svein Ottar Olsen
Satisfaction, Involvement and Loyalty Toward Fish in Vietnam (Abstract Only) by Tuu Ho Huy, Anh Nguyen Thi Kim, Svein Ottar Olsen

Th 14:15 - Markets: Seafood Consumption

Factors Affecting Fish Consumption in Finnish Catering Outlets (Paper) by Kaija Saarni, Asmo Honkanen, Jari Setälä
Structural Changes in Russian Seafood Consumption: An Econometric Analysis of Regional Herring Product Demand (Paper) by Ragnar Tveteras, Sigbjorn Tveteras, Kristin Lien
The Relationship Between Convenience and Fish Consumption in Norway (Abstract) by Svein Ottar Olsen

F 9:40 - Markets: Price Determination

Dependence Modeling in the French Monkfish Market: A Copula Functions Approach (Extended Abstract) by Nicolas Rautureau, Yves Perraudeau, Zahra Royer
Investigating Salmon Price Volatility (Paper) by Atle Øglend, Maruis Sikveland
Prices formation and social network: the case of the Marseille fish market (Abstract Only) by Annick Vignes

Tu 16:00 – Posters

Are fishers powerless to support food security? in the Northern-and Southern-Coast of Central Java, Indonesia : Looking for the best way-out. (Paper) by Mayanggita Kirana, Indah Susilowati

Barometer Survey for the Economic Outlook of Finnish Fishery Enterprises
(Paper) by Asmo Honkanen, Anssi Ahvonen

On the Power Structure of Aquatic Product supply chain in China (Paper) by
Xiaoshuan Zhang, Feng Wang, Weisong Mu, Zetian Fu

*Role Of The Middlemen In The Supply Of The Processing Industry. Case Study :
The Central South Region In Vietnam* (Paper) by Vinh Do Thi

*The balance of power in rural marketing networks: a case study of snake trading
in Cambodia* (Abstract Only) by Sharon Brooks, Edward Allison, John
Reynolds, Bereket Kebede

The Present Situation and Prospect of Aquatic Products Consumption in China
(Paper) by Zhuojun Du

The Trade Liberation and Fish Consumption (Paper) by kaija saarni, Asmo
Honkanen, jari Setälä

*Will Soft-boned Milkfish - a Traditional Food Product from Semarang City-
INDONESIA - breakthrough the global Market?* (Paper) by Tri Winarni
Agustini, Indah Susilowati, Subagyo Ari Setyati, Wilis Ari Setyati

Policy and Management Systems

Tu 11:10 - A Discussion of Approaches to Combat Illegal, Unreported, and Unregulated
(IUU) Fishing (Special Session)

Current knowledge of IUU fishing in Africa (Abstract Only) by Rashid Sumaila
Developing Policies to combat IUU fishing in the Asia-Pacific region (Power Point) by
Frank Meere

Tu 11:10 - Analytical Methods for Management: Bioeconomic Models

*A Bioeconomic Model using a Stage Population Matrix for the Northern Prawn Fishery
in Australia* (Abstract Only) by Simone Valle de Souza, Oscar Cacho, Cedric
Gondro

Bio-Economic Modelling of the Red King Crab Invasion in the Barents Sea (Abstract
Only) by Jannike Falk-Petersen, Claire Armstrong

Discontinuous Sustainable Yield: The Exception or the Rule? (Paper) by Ragnar
Arnason

Non-convexity and the Sustainability of the Indonesia's Life Reef Fish (Paper) by
Akhmad Fauzi

Tu 11:10 - Climate Change as an Emerging Issue in Fishery Governance (Special
Session)

*Climate Change and Fishery Governance in the Pacific Northwest US: the Case of
Columbia River Basin Salmon* (Abstract Only) by Susan Hanna

Climate Change as an Emerging Issue in Fishery Governance- Special Session Report
(Paper) by Alistair Mcilgorm

Fisheries Policy Designs in Response to Climate Changes -- A Case Study of the Hawaii-based Longline Swordfish Fishery (Abstract Only) by Minling Pan, Shichao Li

Tu 14:00 - Analytical Methods for Management: Bioeconomic Models II

Barents Sea capelin and cod stock scenarios: Testing biological consequences of economical based management (Abstract Only) by Leif Kristoffer Sandal, Sigurd Tjelmeland

Maximizing economic yield from a plankton feeding fish population on high latitudes (Abstract Only) by Edgar Henriksen, Ola Flaaten, Arne Eide

Social and Private Benefits and Costs of Selectivity in the Fishing Industry : a Simple Bioeconomic Model (Power Point) by Claire Macher, Jean Boncoeur

The mixed blessing of modern fishing technology (Paper) by Anders Skonhoft

The Paradox of Private Efficiency and Social Inefficiency with Common Resources: Efficiency and Technical Change in Renewable Resource Economics (Abstract Only) by Niels Vestergaard, Dale Squires

Tu 14:00 - Climate Change As Emerging Issue in Fishery Governance II (Special Session)

Investment and capital dynamics under long-term changes in marine fish communities: the case of French fleets exploiting the Bay of Biscay fisheries (Abstract Only) by Iuliana Matei, Pascal Le Floc'h, Olivier Thébaud, Sylvie Van Iseghem, Michèle Jezequel

Principles for Managing Fisheries to Facilitate Adaptation to Uncertain Effects of Climate Change (Paper) by Gunnar Knapp

The Coral Triangle Initiative: new Climate Change adaptation initiative in fisheries management (Abstract Only) by James (Seamus) Kevin McElroy, Eko Rudianto

Tu 14:00 - JIFRS Yamamoto Prize: Responsible Fisheries in Practice (Special Session)

Implications of Japanese Experience in Fisheries to Asia and the World (Paper) by Yoshikai Matsuda

International fish trade and fish product security in VietNam (Paper) by Hien Tran Thi, Kim Anh Nguyen Thi, Elizabeth Petersen

Regional Fishery Management Organization with a Self-Financed Enforcement Mechanism in Shared Fisheries (Paper) by Le Kim Long

Revival of Local Knowledge and Myth in Fisheries Management in Indonesia (Abstract Only) by Satria Arif

Tu 14:00 - Management: Multi-species Fisheries

A Point System for Managing Multispecies Fisheries (Abstract Only) by Christopher Anderson

An Approach To Managing Fisheries When Weak And Strong Stocks Mix (Paper) by David Tomberlin

Fishing induced environmental change and the value of biodiversity in a multi-species fishery (Abstract Only) by Wisdom Akpalu

Probabilistic assessment, management and advice model for fishery management in the case of poor data availability: the EU POORFISH project (Abstract Only) by Fierre Failler, Brahim Ould Mouhamed Tfeil, Kirsi Jarvenpaa, Laura Uusitalo, Martial Laurans, Phil Large, Graham Pilling

Tu 14:00 - Management: Institutions, Governance, Sustainability

Small-scale Fisheries in South Africa: The Uneven Road from Recognition to Governance (Power Point) by Serge Raemaekers, Peter Britz, Gurutze Calvo-Ugarteburu

Sustainability and Resilience in Fisheries: Policy Directions and Management Institutions (Abstract Only) by Anthony Charles

Weak and Strong Sustainability Assessment in fisheries: An application to a real case study. (Abstract Only) by Eneko Garmendia, Arantza Murillas, Marta Escapa, Mari Carmen Gallastegui

W 9:40 - Applied Fisheries Economic Modelling under ECOST I (Special Session)

Fisheries economic modelling: a disequilibrium approach (Abstract Only) by Haoran Pan

Near-Shore Trawling Fisheries in the Mekong Delta of Vietnam (Paper) by Sinh Xuan Le, Long Thanh Nguyen, Chung Minh Do

The Economic Loss in Thai Fisheries (Paper) by Ruangrai Tokrisna

Why and When Joint 'Exploitation-Ecosystem Dynamics' Models Should be Used (Paper) by Francis Laloë

W 9:40 - Management: Fisheries Recovery

Achieving sustainable fisheries: gradually or abruptly? (Paper) by Vincent Martinet, Olivier Thebaud

Ecological Benchmarking to Explore Alternative Fishing Schemes: The Danish Demersal Fishery in the North Sea (Abstract Only) by Niels Vestergaard, Jens Kjærsgaard, Kristiaan Kerstens

Sea-ranching in the bay of Brest (France): Technical change and institutional adaptation of a scallop fishery facing environmental hazards (Extended Abstract) by Frederique Alban, Jean Boncoeur

W 9:40 - Property Rights I: Application of Rights Based Management

Can Catch Shares Prevent Fisheries Collapse? (Abstract Only) by Chris Costello, Steve Gaines, John Lynham

Limits to the Privatization of Fishery Resources (Paper) by Colin Clark, Gordon Munro

The Use of Rights Based Approaches in Fisheries Management (Abstract Only) by Chris Grieve, Karoline Schacht

Voluntary Approaches to Transitioning from Competitive Fisheries to Rights-Based Management (Paper) by Gunnar Knapp

W 9:40 - Vietnam Policy Day II (Special Session)

Development of Fisheries in Vietnam: Lessons and Challenges (Abstract Only) by Thong Xuan Ha

Ecosystem Based Management of MPA - Case study from Nha Trang Bay (Abstract Only) by Bernard Callaghan, Tien Vinh Chu, Thu Hien Bui

Fisheries Management Issues in Vietnam (Abstract Only) by Tien Vinh Chu

The Changing Nature of Small-Scale Fisheries Policy in Vietnam (Abstract Only) by Kim Anh Thi Nguyen, Robert Pomeroy

W 11:30 - Applied Fisheries Economic Modelling under ECOST II (Special Session)

Societal cost for best fishing practices and efficient public policies for the Senegalese coastal demersal fishery (Abstract Only) by Moustapha DEME, Haoran Pan

The role of fisheries in the sustainable development in small island economies: a case study of Tobago (Abstract Only) by Ronald James, Sonja Teelucksingh

W 11:30 - Dealing with Risk and Uncertainty in Fisheries I (Linked session) (Special Session)

Analysis of Risk and Risk Management Practices of Fishing Communities in the Philippines (Abstract Only) by Maria Rebecca Campos

Fish and Forests as Natural Insurance: Strategies to Cope with Permanent vs. Temporary Shocks (Abstract Only) by Emi Uchida, Hirotsugu Uchida

Marine Protected Areas as a Risk Management Tool (Abstract Only) by Jason Murray, Sturla Kvamsdal, Theodore Groves

Risk identification and perceptions in the fisheries sector: comparisons between the Faroes, Greece, Iceland & UK (Abstract Only) by Diana Tingley, Jóhann Ásmundsson, Edward Borodzicz, Alexis Conides, Ben Drakeford, Ingi Rúnar Eðvarðsson, Dennis Holm

W 11:30 - Property Rights II: Implementing Rights-Based Management

Between Plan and Market - The Quota Allocation System in Norwegian Fisheries (Paper) by Bjørn Hersoug

Economic Analysis of New Zealand's Deemed Value System (Paper) by Scott Walker, Ralph Townsend

Effects of foreshortening of transferred quota in an ITQ market (Paper) by Thorolfur Matthiasson, Claire Armstrong

W 11:30 - The "Rent Drain": Towards an Estimate of the Loss of Resource Rents in the *World's Fisheries I* (Special Session)

FAO/World Bank Rent Drain Study: China Case Study: Fisheries in the Bohai Sea & the Yellow Sea (Paper) by Zijiang Yang, Xiaojie Nie
Global Trends in Capture Fisheries, With an Estimate of Global Losses in Marine Fisheries Resource Rents (Abstract Only) by Rolf Willmann, Ragnar Arnason, Nicole Franz, Kieran Kelleher
Introduction to the Rent Drain Study (Abstract Only) by Kieran Kelleher
Rent Dissipation in European Fisheries - Management Loss of Common Fisheries Policy (Extended Abstract) by Sakari Kuikka, Steve Cunningham, Pavel Salz
The Artisanal Hilsa Fishery: economically Efficient Fisheries Policy (Paper) by Sakari Kuikka, Steve Cunningham, Pavel Salz

W 11:30 - Vietnam Policy Day II (Special Session)

Considerations on the policy environment for aquaculture in Vietnam (Abstract Only) by Le Xuan Sinh
Efficiency of Fishing Vessels Affected by a Marine Protected Area - The Case of Small-Scale Trawlers and Marine Protected Area in Nha Trang Bay, Vietnam (Abstract Only) by Quach Thi Khanh Ngoc, Ola Flaaten, Kim Anh Nguyen Thi
Modeling Demand Function for Norwegian Salmon in Vietnam (Paper) by Quach Thi Khanh Ngoc, Ola Flaaten, Kim Anh Nguyen Thi
Pangasius successful story - a new Cinderella (Power Point) by Dzung H. Nguyen
Sustaining Fisheries and Alleviating Poverty in Vietnam: A Socio-economic Review and Case Study (Abstract Only) by Keith Symington, Thuy Nguyen Thi Dieu

W 14:15 - Dealing with Risk and Uncertainty in Fisheries II (Linked session) (Special Session)

Combining probabilistic socio-economic and biological information by Bayesian networks - fisheries and environmental experiences (Abstract Only) by Keith Symington, Thuy Nguyen Thi Dieu
Dealing with Uncertainty in Management of Fisheries: Contradictory Advice and a New Approach (Paper) by Keith Symington, Thuy Nguyen Thi Dieu
Precautionary Management of North-East Arctic Cod under Environmental and Evolutionary Change (Abstract Only) by Veijo Kaitala, Dag Hjermann
Regulations, Risk, and Rent Seeking Behaviour with application to fisheries (Power Point) by Urs Brandt, Ole Jakob Bergfjord

Risk Analysis in Setting Allowable Harvests: Annual Catch Limits under the Magnuson Stevens Reauthorization Act. (Paper) by Lee Anderson

W 14:15 - Property Rights III: Community and Coastal Issues of Rights Based Management

Fleet coordination of catch under share-based management in the Central Gulf of Alaska groundfish fishery (Abstract Only) by Mark Fina

Louisiana Oyster Leasing and Conflicts With Coastal Restoration: The Impact of Speculative Activities (Abstract Only) by Walter Keithly, Richard Kazmierczak, James Wilkins

Rural community quotas - intentions and impacts (Paper) by Oystein Hermansen, Bent Dreyer

W 14:15 - The "Rent Drain": Towards an Estimate of the Loss of Resource Rents in World's Fisheries II (Special Session)

Assessment of Tonkin Gulf Fishery - Vietnam Based on the Bio-Economic models (Paper) by Long Nguyen, Thong Ba Nguyen

Current and Potential Economic Rent in the Namibian Hake Fishery (Paper) by Rashid Sumaila, Dale Marsden

Rent Drain Estimation of the Thai Fisheries in the Gulf of Thailand (Paper) by Pongpat Boonchuwong, Waraporn Dechboon

Rents and Rents Drain in the Icelandic Cod Fishery (Paper) by Ragnar Arnason

Resource Rent Estimate for the Bali Strait Sardine Fishery (Paper) by Purwanto Purwanto

The Peruvian Anchovy Sector: Costs and Benefits. An analysis of recent behavior and future challenges. (Paper) by Carlos Paredes, Maria Gutierrez

W 14:15 - Vietnam Policy Day III: The Van Chai: An Indigenous Fisheries Management System of Vietnam (Special Session)

Fisheries Co-management in Vietnam: Issues and Approach (Paper) by Tuong Phi Lai

Fisheries Management of Traditional Van Chai and Modern Cooperatives ? Problems and Solutions (Paper) by Le Tieu La

Overview of co-management model in the fisheries sector of Vietnam (Paper) by Pham Thi Hong Van

The Van Chai and its Role in the Hierarchy of Fisheries Administration in Vietnam (Paper) by Ha Xuan Thong

W 16:15 - Dealing with Risk and Uncertainty in Fisheries III (concluding Special Session) (Special Session)

The Potential for Insurance to Mediate Economic Risks in Marine Fisheries
(Paper) by John Mumford, Adrian Leach, Laurence Kell, Polina Levontin

W 16:15 - Management: Rent Collection and Allocation

Economic Analysis of Cost Recovery and Rental Collection (Abstract Only) by
Ralph Townsend

*Preliminary Findings From the Bering Sea/Aleutian Islands Crab Rationalization
Program* (Abstract Only) by Brian Garber-Yonts

Rate of Profit Return with ITQs: Fishing for Optimality (Paper) by Basil Sharp,
Meng Zhang, Chris Batstone

W 16:15 - Vietnam Policy Day IV: The Van Chai Part II (Special Session)

Intangible Cultural Heritage in Coastal Fishing Villages of Binh Dinh Province
(Paper) by Tran Van Vinh

*Overview of van chai in Thue Thien Hue, Vietnam: Tradition, present and future
challenges* (Paper) by Nguyen Quang Vinh Binh

*Role of Floating Fishing Villages in the Social Life of Fishers in South Central
Region* (Paper) by Duy Thieu Nguyen

*Role of the University in Promoting Sustainable Regional Economic and Social
Development: With a Case Specific Assessment for the Nha Trang Region*
(Paper) by Roger Stough, Nguyen Van Hanh

*Van Chai in Binh Thuan province: a form of fisheries management need to be
concerned* (Paper) by Luong Thanh Son

Th 9:40 - IIFET 2008 Policy Forum: Fisheries and Globalisation: Meeting the Policy
Challenges I (Special Session)

Carbon Footprint of Commercial Fishing In the Northeast United States (Paper)
by Rebecca Lent

Globalization, Has it Helped or Hindered in Managing Fish Stocks Sustainably?
(Paper) by Frank Meere, Mary Lack

*The International Fisheries and Oceans Agenda and Implications for Research
and Analysis* (Abstract Only) by Lori Ridgeway

Th 9:40 - Management: Compliance and Enforcement

A Kalman Filter Approach to Estimating Marine Turtle Incidental Take Risk
(Paper) by Stephen Stohs

*Ostracism and common pool resource management: Young fishers in the
laboratory* (Abstract Only) by Wisdom Akpalu, Peter Martinsson

*Profile of the Illegal Abalone Fishery in South Africa: Is a Sustainable, Legal
Fishery Achievable?* (Power Point) by Peter Britz, Serge Raemaekers

Role Of Institutions With Regard To Fisher Livelihoods And Resource Conservation: Small-Scall Craff Fishery in Sri Lanka (Abstract Only) by Withana Arachchige Ranjith Wickramasinghe, Maarten Bavinck

Th 11:30 - IIFET 2008 Policy Forum: Fisheries and Globalisation: Meeting the Policy Challenges II (Special Session)

Globalisation and Better Governance: Combating IUU fishing (Abstract Only) by Alberto Spagnolli

Globalization achievements and challenges for the Vietnamese Seafood Industry (Power Point) by Dzung H. Nguyen

Norway and Fisheries Globalisation: Challenges and Policy Priorities (Paper) by Kjersti Vartdal, Sverre Johansen

Th 11:30 - Management: Allocation of Fish Resources Among User Groups

Dismantling the Battlelines : Reducing Commercial and Recreational Fisheries Conflict in New Zealand (Paper) by Kim Walshe

Diversifying Artisanal Fishing Fleets in the Galapagos Marine Reserve (Abstract Only) by Sherry Larkin, Charles Adams

Stock externalities of marine fisheries : the case study of the sea bass in the Nord east Atlantic (Abstract Only) by Bruno Drouot

Use of an Arbitration System for Price Determination in the Bering Sea and Aleutian Islands Crab Fisheries (Abstract Only) by Mark Fina

Value Maximisation in Shared Fisheries (Paper) by Robin Connor

Th 11:30 - Management: Capacity Measurement and Control

Capacity adaptation in modern fisheries; Lessons from Norway. (Abstract Only) by Dag Standal

Capacity Measurement and Policy Simulation of Fishery Industry in Japan (Abstract Only) by Shunsuke managi

Findings of Two Recent U.S. Reports on Excess Harvesting Capacity in Federally Managed Commercial Fisheries (Paper) by Joseph Terry, Minling Pan

Measuring capacity and capacity utilization of the Eastern Mediterranean purse seine fleet. (Abstract Only) by Premachandra Wattage, Efthymia Tsitsika, Christos Maravelioas

Th 11:30 - Management: Co-management

Collaborative Approaches to Fisheries Management in the Northeast US (Extended Abstract) by Barbara Rountree, Andrew Kitts, Patricia Pinto da Silva

Co-management in the Assessment of Ragay Gulf, Philippines (Abstract Only) by Maria Rebecca Campos

Conserving Indonesia's Coral Reefs and Their Fisheries, Key Management Issues and Solutions (Abstract Only) by James (Seamus) Kevin McElroy
Governance, Decentralization and Co-Management: Lessons From Africa (Paper) by Christophe Béné, Belal Emma, Malloum Ousman Baba, Solomon Ovie, Aminu Raji, Isaac Malasha, Mamane Na Andi
Partnership Arrangement in Co-management: Inducing Efficiency to Overcome Adverse Conditions (Power Point) by Hirotsugu Uchida

Th 14:15 - Environmental Impacts of Fishing

A Bioeconomic Model of Fishery-Habitat Impacts (Abstract Only) by Viktoria Kahui, Claire Armstrong
Fisheries induced evolution. A review. (Abstract Only) by Siv Reithe, Raul Primicerio
The cost of fisheries induced evolution. An example using data for North-East Atlantic cod (Abstract Only) by Siv Reithe
The Economics of Overexploitation Revisited (Abstract Only) by R. Quentin Grafton, Tom Kompas, Ray Hilborn
The Lofoten Fishery Over a Hundred Years (Abstract Only) by Rognvaldur Hannesson, Kjell Salvanes, Dale Squires

Th 14:15 - IIFET 2008 Policy Forum: Fisheries and Globalisation: Meeting the Policy Challenges III (Special Session)

Global Change in African Fish Trade: Engine of Development or Threat to Local Food Security?(Paper) by Christophe Béné, Rebecca Lawton
Global Drivers and their Implications for Developing Country Fisheries
Small-scale fisheries producers and globalization (Abstract Only) by Stephen Hall, Edward Allison

Th 14:15 - Management: Assessing Costs and Benefits

A Vessel Cost Sampling Model (Paper) by John Gates, Andrew Kitts
An Impact and Management Study of Taiwanese Artificial Reefs Deployment (Paper) by Ching-Ta Chuang
Are Fishers Better or Worse Off from a Swordfish Fishery Closure? -- An Endogenous Switching Model for the Hawaii-based Longline Fisheries (Abstract Only) by Timothy Ming
The Effect of Days at Sea Limits on Technical Efficiency (Paper) by Daniel Georgianna, James Kirkley

Th 14:15 - Management: Recreational Fisheries

Exploring Survey Methodologies for Collecting Recreational Angler Expenditure Data (Paper) by Brad Gentner

Fish and Community in Flood-prone Areas of the Mekong River Delta, Vietnam
(Paper) by Le Xuan Sinh

Rent Dissipation in Chartered Recreational Fisheries: Inside the Black Box
(Power Point) by Joshua Abbott, James Wilen, Vishwanie Maharaj

Th 16:15 - : IIFET 2008 Policy Forum: Fisheries and Globalisation: Meeting the Policy Challenges IV (Special Session)

Positioning Fisheries in a Changing World (Paper) by Meryl Williams, Quentin Grafton, Dale Squires

Th 16:15 - Management: Bycatch, Discards, and Ecosystems

Assessing the Effectiveness of a Voluntary Bycatch Avoidance Program (Power Point) by Joshua Abbott, James Wilen

Bio-Economic Evaluation of Implementing Selective Gears (Abstract Only) by Niels Vestergaard, Lone Grønbaek Kronbak, Rasmus Nielsen, Ole Jørgensen

From Trawl to Pots, a Bio-economic Analysis of Gear Change (Abstract Only) by Claire Macher

Implications of bycatch reduction strategies for the economic viability of mixed fisheries (Paper) by Vincent Martinet, Olivier Thebaud

Th 16:15 - Market-Management Linkages

Managing a Fishery Post-MSA Certification - The Story of Hoki (Abstract Only) by Aoife Martin

Price Determinants for Hawai'i Bottomfish and Welfare Effects of Seasonal Closures in the Main Hawai'ian Islands (Abstract Only) by Justin Hospital, Minling Pan, Myles Raizin

The Changing Northeast United States Marine-Based Economy (Paper) by Eric Thunberg, Di Jin

F 9:40 - Development: Fishery Governance and Management

Critical Assessment of Impact of Government Initiatives for development and Conservation of fishery Resource and its Cumulative Effects on Fishery Management in Gujarat State (India) (Abstract Only) by Anjani Kumar Asthana, Dr. Yogesh C Joshi

Insights Into the Political (dis)Economy of Lake Nasser Fishery Development (Paper) by Olfat Anwar Habib, Chris Béné

Putting the Boot on the Other Foot: When Local Knowledge is Owned by Local People (Paper) by Kosal Mam, Richard Friend, Robert Arthur

F 9:40 - Development: Marine Reserves and Protected Areas, Part I

Creation of Marine Reserve and Incentives for Biodiversity Conservation
(Abstract Only) by Quach Thi Khanh Ngoc
*Marine Protected Area and Its Socio-economic Impacts on the Coastal
Communities of Seribu Island, Indonesia* (Paper) by suzy Anna
Marine Protected Areas: A Case Study in Northerneastern Iloilo, Philippines
(Paper) by Cheryl Joy Fernandez, Kim Hang Pham Do

F 9:40 - Economic Theoretical Approaches to Management of Fishery Sector
Development

Stock (and possibly path) dependent fisheries technologies (Paper) by Rolf
Willmann, Ragnar Arnason
Triple Win for Trade in Renewable Resource Goods by Use of Export Taxes
(Paper) by olajide Flaaten, Carl-Erik Schulz

F 9:40 - Management: Ecosystem Approaches I

*An integrated assessment of the ecological and economical status of fisheries -
application to the French fisheries in the Bay of Biscay* (Abstract Only) by
Fabienne Daures, Marie-Joelle Rochet, Sylvie Van Iseghem, Verena
Trenkel
*Linking ecology, economics, and fleet dynamics to evaluate alternative
management strategies for US West Coast trawl fisheries* (Abstract Only)
by Daniel Holland, Isaac Kaplan, Elizabeth Fulton
*Marzone: a systematic decision support method for natural resource
management problems in the developed and developing world* (Abstract
Only) by James (Seamus) Kevin McElroy, Romola Stewart, Matt Watts,
Trevor Ward, Hugh Possingham
*Spatial management of small-scale fisheries targeting metapopulations with
source-sink configuration: a parsimonious ecosystem approach.* (Abstract
Only) by Juan Carlos Seijo

F 9:40 - Management: International Arrangements

*Fishing Agreements and Macroeconomic Dependence: A Game-Theory
Approach of the EU-ACP Framework* (Paper) by Thomas Vallee, Patrice
Guillotreau
The Potential for Cooperation in Shared Fisheries (Paper) by Le Kim Long, Ola
Flaaten
Tilting at Windmills? Quota Allocation in International Fisheries (Abstract Only) by
Anthony Cox

F 11:30 - Development: Marine Reserves and Protected Areas, Part II

*A bioeconomic MPA study based on cellular automata population growth and
distribution* (Abstract Only) by Arne Eide

Uses of ecosystem services provided by MPAs: how much do they impact the local economy? (Abstract Only) by Nicolas Roncin, Jean Boncoeur, Jeremy Person, Elodie Lavisse, Laurence Le Direach, Concepcion Marcos Diego, Romain Crec'hiriou

F 11:30 - Management: Ecosystem Approaches II

Biological invasion of a fishery by a space competitor: dynamic optimisation of the control program (Abstract Only) by Marjolaine Fresard, Jean Boncoeur

Fishing in a Shallow Lake: A Case for Effort Controls? (Paper) by John Janmaat, Arjan Ruijs

Science and Policy Integration for Coastal System Assessment (SPICOSA) An Application to a Mussels Fishery (Paper) by Pascal Raux, Denis Bailly

Tu 16:00 – Posters

A comparative approach of long term changes in the characteristics of fisheries at a regional scale (Abstract Only) by pascal le floc'h, Olivier Thébaud, Mohammed Amrani, Fabian Blanchard, Christian Chaboud, Mohammed Malouli, Hicham Maski

A Pilot Observer Program for the Reduction of Sea Turtle and Other By-catch in Vietnamese Longline Fisheries (Abstract Only) by Keith Symington, Thuy Nguyen Thi Dieu, Dung Phan Hung

An appraisal of fisheries science and management after 14 years of democracy in South Africa (Abstract Only) by Warwick Sauer, Horst Kleinschmidt, Shaheen Moolla

An integrated and statistical approach for the valuation of economic status of small scale fisheries (Abstract Only) by Fabienne Daures, Sylvie Van Iseghem, Sébastien Demaneche, Cécile Brigaudeau, Olivier Guyader, Emilie Leblond, Patrick Berthou

Assessing policy-oriented research: case study of community-based fisheries management in Bangladesh (Paper) by Diemuth E. Pemsl, Linda Seidel-Lass, Jeremy Lea White, Md. Muzaffar Ahmed

Challenges against Fisheries Sustainable Development Khanh Hoa Fisheries Industry in Focus (Paper) by Tram Anh Nguyen Thi

Community Perception Towards a Set Back Area : A Case Study in Galle District, Sri Lanka (Paper) by Dilanthi Koralagama

Community-Based Fisheries Co-Management in Senegal (Paper) by Naohiko Watanuki

Developing a reporting regime for New Zealand's marine recreational charter vessel fleet: Adding value to management through improved catch information (Paper) by Edwin Massey, Tania Gerrard

Effective Fisheries Co-management between the Ministry of Fisheries and Te Arawa an Indigenous People of Aotearoa/ New Zealand: Implementing Policy and Kaitiakitanga through a Legislative Framework (Power Point) by Tania Gerrard, Tracey Kingi

Empowering A-B-G-C to Promote Simping Clam (Amusium pleuronectes) as one of the way out line to raise the welfare of Fishers and Regional Income in Northern-Coast of Central Java-INDONESIA: with Special Reference to Brebes (Paper) by Indah Susilowati, Ita Widowati, Tri Winarni Agustini, Amin Budi Rahardjo

Fisheries management at the tri-national border between Belize, Guatemala and Honduras (Extended Abstract) by Arlenie Perez

Impacts of Agriculture on the Inland Capture Fisheries in the Mekong Delta (Abstract Only) by Vi An Vu, Elkana Ngwenya

Learning From Kaitiakitanga; A Knowledge Economy That Adds To The Value Of Sustainable Fisheries Management In Aotearoa/NZ: Rohe Moana Management Plan (RMMP) A Customary Fisheries Management Tool. (Power point) by: Tracey Kingi

Norwegian Management of the Red King Crab (Paper) by Guri Hjallen Eriksen

Practical challenges of fisheries co-management on large water bodies: Lessons from Lake Malawi (Power Point) by Friday Njaya

Several Major Factors Influencing Revenues of the Yellowfin Tuna Long-lining Fishery in Phu Yen Province (Paper) by Phan Thi Dung

Socio-Economic Toolbox of Artificial Reef Projects (Paper) by Jorge Ramos, Miguel N. dos Santos, David Whitmarsh, Carlos C. Monteiro

The preliminary studies on Chinese summer closed fishing season system and its efficiency (Abstract Only) by Jian Gao, Hasagawa Kenji

Who is responsible for fishery management of perennial reservoirs, Sri Lanka? (Abstract Only) by Mohottala Gedara Kularatne, Clevo Wilson, Sean Pascoe, Upali Sarath Amarasingher, Sena De Silva

Separate lists are also provided of Posters and Special Sessions.
