

IIFET 2002

August 19-22, 2002

Table of Contents

Official Opening

Stuart Mccutcheon, Vice Chancellor, Victoria University of Wellington

Official Opening

Peter H Pearse

Quotas and Beyond the Continuing Evolution of Fishing Rights

Special Session SP1: Building Human Capital for 21st Century Fishery Management: the Challenges and Opportunities

Poul Degnbol, Jesper Raakjaer Nielsen

[170] *Educating Fisheries Managers as an Integral Part of Management*

Alastair Mcilgorm

[201] *Fisheries Management Training for Sustainable Governance*

Susan Hanna

[230] *Educating US Fishery Managers and Policy Makers: the Problem of Incentives*

Laura Jodice, Gilbert Sylvia, Michael Harte, Susan Hanna, Kevin Stokes

[252 & 253] *The Training Managers for 21st Century Fisheries Initiative: Summary and Recommendations from the Inaugural International Workshop*

Special Session SP2: Access Sharing Arrangements – Definitions, Measurement & Exchange Methodologies

Guy Leyland, Roger Edwards, George Kailis, Daryl Sykes

[236] *Resource Sharing – Setting and Evaluating the Scene*

Guy Leyland, Roger Edwards, George Kailis, Daryl Sykes

[237] *Access Sharing Definition, Measurement and Exchange Methodology. Case Study: the South Australian Rock Lobster Fishery*

Guy Leyland, Roger Edwards, George Kailis, Daryl Sykes

[238] *Access/Sharing Workshop – Constructed Scenario*

Special Session SPA: Fish in Food Security and Income in Developing Countries: Role of Growing Aquaculture and Changing Trade Regime

Christopher L. Delgado

[141] *Fish as Food: Projections to 2020*

Mahfuzuddin Ahmed, Mohammed A. Rab, Madan Mohan Dey

[239] *Changing Structure of Fish Supply, Demand and Trade in Developing Countries – Issues and Needs*

Achilles C. Costales, Yolanda T. Garcia

[240] *The Evolution of Philippine Fishery Policies and Issues for Developing Export Markets Under A Global Trading Environment*

Madan M. Dey, Mahfuzuddin Ahmed, Khondker M. Jahan, Mohammed A. Rab

[241] *Liberalization vs. Barriers: Experiences from Selected Fish Exporting Countries in Asia*

Anjani Kumar, P K Joshi, Badruddin

[243] *Export Performance of Indian Fisheries Sector: Strengths and Challenges Ahead*

K.Kuperan Viswanathan, P.R Gardiner

[244] *Ecolabelling and Small-Scale Fisheries, Will Certification Work?*

Somying Piumsombun

[245] *Analysis of Demand for Fish Consumed at Home in Thailand*

Madan M. Dey, Roehlano M. Briones, Mahfuzzudin Ahmed

[246] *Modeling the Asian Fish Sector: Issues, Framework, and Method*

Theme A: International Seafood Trade: Rules Based Reform

Lori Ridgeway

Plenary Lead Speaker

Moustapha Deme, Karim Dahou

[024] *Environmental and Socio-Economic Impact of the Trade Liberalisation on Sustainable Management of the Senegalese Fishery Sector*

T. Trondsen, T Braaten, A E Lund, A E Eggen

[054] *Consumption of Seafood -The Influence from Overweight and Health Beliefs*

Fu-Sung Chiang

[067] *A Study of the Impacts of Free Trade On Taiwan's Fisheries Sector - By Incorporating the Effect of Mainland China's Accession*

Max Nielsen

[076] *Trade Liberalisation and Resource Sustainability*

Jessica Hartmann, Jari Setälä, Kaija Saarni, Asmo Honkanen, Jarno Virtanen

[087] *Competitiveness of Salmon and Salmon Trout Markets along the Value Chain in Finland*

Frank Asche, Rui Menezes, Joao Ferreira Dias

[097] *Price Transmission in Cross Boundary Value Chains*

Anssi Ahvonen, Asmo Honkanen

[105] *Fishery Barometer Surveys Prospects for Finnish Fisheries*

Asmo Honkanen, Anssi Ahvonen

[106] *Outlook for Fish Supply and Demand Chain in Finland*

Bent Dreyer, Bjorn Inge Bendiksen

[107] *New Paths in the Raw Material Flow*

John Roald Isaksen, Bent Dreyer

[108] *Input Diversity and Performance in Fish Processing*

Amanda Chadwick

[137] *Marine Stewardship Council: Who Should Join & Why*

Torbjorn Lorentzen

[139] *the Salmon-Agreement between Norway and EU - A Welfare Economic Analysis*

Patrice Guillotreau, Laurent Le Grel, Frederic Gonzales

[153] *Structure of the Fish Value Chain and Dynamics of Price Cost Margins. A Multivariate Analysis of Cointegration Results*

Frederic Gonzales, Patrice Guillotreau, Laurent Le Grel, Michel Simioni

[154] *Asymmetry of Price Transmission Within the French Value Chain of Seafood Products*

Ali Emami, Richard S Johnston

[162] *Trade, Resources and Subsistence*

Jari Setälä, Per Mickwitz, Jarno Virtanen (Presenter), Kaija Saarni

[167] *The Effect of Trade Liberation on the Salmon Market in Finland*

Kaija Saarni, Jari Setälä, Asmo Honkanen, Jarno Virtanen

[168] *Market Delineation of Finnish Food Market*

Nikolas Wada, Christopher Delgado, Albert Tacon

[173] *Outlook for Fishmeal and Fish Oil Demand: The Role of Aquaculture*

Audun Iversen

[176] *Globalization and Strategies in the Norwegian Fish-Processing Industry – Coping or Proactive Restructuring?*

Christopher L Leggett

[179] *An Analysis of the Relationship Between WTO Trade Disciplines and Trade-Related Measures Used to Promote Sustainable Fisheries Management*

Joachim Scholderer, Eiliv Lund, Torbjorn Trondsen (Presenter)

[182] *Age, Period, or Birth Cohort: What Determines Demographic Differences in Seafood Consumption?*

Ragnar Tvetaras, Sigbjorn Tvetaras, Elin H Sissiner

[186] *Modelling Demand for Fishmeal Using a Heterogeneous Estimator for Panel Data*

Sigbjorn Tvetaras

[187] *Comparing Autoaggressive vs. Markov Switching - Autoaggressive Models in Fish Meal Price Forecasting*

Sherry Larkin

[191] *Eco-Labeled Marine Ornamentals: Expected Demand and Value from a Conjoint Survey*

Amadou Tall

[214] *Small Scale Fish Trade in West Africa Prospects for Expansion*

Amadou Tall

[215] *Traceability Procedures Based on FDA and CFIA Regulations - an Understanding*

Theme B: Economic Solutions to Customary, Aboriginal and Traditional Fishing Rights Issues

Kirsty Woods

Plenary Lead Speaker

Hamed S Al-Oufi

[030] *Factors Influencing the Emergence of Collective Action in a Traditional Fishery of Oman: An Empirical Assessment of Three Coastal Fishing Towns in South Al-Batinah*

C.Cortés Rodríguez, J.J.García Del Hoyo, R. Jiminez Toribio, S Basulto Pardo, N Padilla Garrido, D Espino Castilla

[051] *Applying Multiple - Decision Making Techniques in the Management of Small Scale Fisheries in Andalusia (Spain)*

Matthew Hooper

[144] *Indigenous Fishing Rights in New Zealand - from Rhetoric to Reality*

Allison C Arnold, Beth Tapura, Jessica Hutchings

[272] *Conflict and Co-Management Related to Customary Fishing in Aotearoa/New Zealand: A Case Study of the Hapu Ngati Oneone*

Theme C: Fisheries Management through Regional Fisheries Organisations

Michael Lodge

Plenary Lead Speaker: *Some Challenges for Fisheries Management through Regional Fisheries Organisations*

Anne J. Rahming

[068] *Inefficient Decisions, Emergencies and the Benefits of Delegated Power: Measuring Commission Power in EC Fisheries Policy-Making*

Maria Hernandez Garcia

[119 (Part 1)] *The European Community & the Illegal Fishing: Measures Concerning the Fishery Market*

Jose Manuel Sobrino Heredia

[119 (Part 2)] *The European Community and the Fight Against Illegal Fishing: the Effective Exercise of Jurisdiction and Control of the Flag State*

Joel Opnai, Les Clark, Transform Aqorau

[122] *Implementing the Convention On the Conservation and Management of the Highly Migratory Fish Stocks in the Western and Central Pacific Ocean*

Chris Reid, Dale Squires, Yongil Jeon, Len Rodwell, Raymond Clarke

[123] *An Analysis of Fishing Capacity in the Western and Central Pacific Ocean Tuna Fishery and Management Implications*

Michael Sullivan, William Neilander (Presenter)

[128] *Limited Entry On the High Seas: ITQs Beyond Boundaries*

Joanna Mossop

[143] *Implementing Ecosystem Management in International Fisheries Organizations through Adaptive Management: the Potential for Future Change*

Yoav Wachsmann

[217] *A Model of Fishing Conflicts in Foreign Fisheries*

Vina Ram-Bidesi

[223] *Regional Arrangements for Management and Development of Tuna in the Pacific Islands: the Case Study of Palau Arrangement and the Federated States of Micronesia Arrangement*

Robin Allen

[233] *Rights and Obligations: Regional Fisheries Organizations and Cooperation Among States to Manage Tuna Fisheries*

Adela Rey Aneiros

[270] *International Efforts Against Illegal Fishing and the Role of Regional Fisheries Organizations*

Theme D & F: Ecosystem and Oceans Policy Approaches to Fisheries Management, and Marine Resources for Recreation and Tourism

Hon Pete Hodgson, New Zealand Minister of Fisheries

Plenary Lead Speaker: *New Directions for Rights Based Fisheries Management*

Ralf Doring

[014] *The Ecosystem Approach As A New Concept in Eu Fisheries Management*

Tsuyoshi Kawasaki

[029] *Toward A New Paradigm of the Fisheries Management*

Brad Gentner, Scott Steinbeck, Jeremy Castle

[034] *the Economic Importance of Marine Angler Expenditures in the United States; Selected Results*

Yoshiaki Matsuda

[053] *Missing Links in Ocean Governance: the Case of Fisheries*

Kenneth Hughey, Geoff Kerr (Presenter), Ross Cullen

[056] *New Zealanders' Perceptions of the State of Marine Fisheries and Their Management*

Ruangri Tokrisna

[074] *Economic Instruments for Thai Marine Rehabilitation*

Kim Walshe

[090] *Attitudes and Perceptions of New Zealand Marine Recreational Fishers Towards the Management of Their Fishery*

Hui-Ru Huang, Ching Ta Chuang (Presenter)

[104] *A Socio-Economic Assessment On Sustainable Eco-Tourism Development At Hsiao-Liu-Chiu Island in Taiwan*

Thomas Murray, Vernon Leeworthy, Manoj Shivlani

[111] *Characterization of the Dry Tortugas Commercial Fishery: Methodology and Findings*

Siv Reithe

[115] *Marine Reserves and Quotas As Fisheries Management Tools: When Does Marine Reserve Creation Pay?*

Jennie McMurrin, Jonathan Peacey

[131] *Developing A Strategy for Managing the Environmental Effects of Fishing*

Katherine Short

[163] *Ecosystem-Based Management of Marine Capture Fisheries*

Poul Degnbol

[171] *The Ecosystem Approach and Fisheries Management Institutions: the Noble Art of Addressing Complexity and Uncertainty With All Onboard and On Budget*

Heather Brayford

[265] *A New Approach to Fisheries Management in Western Australia*

Transform Aqorau

[273] *Obligations to Protect Marine Ecosystems Under International Conventions and Other Legal Instruments*

Theme E: Aquaculture

Gunnar Knapp

Plenary Lead Speaker: *Implications of Aquaculture for Wild Fisheries - the Case of Alaskan Wild Salmon*

Peter Rawlinson

[058] *Increasing Water Use Efficiency through Integrated Agri-Aquaculture*

Porter Hoagland

[061] *The Optimal Allocation of Ocean Space: Aquaculture and Wild-Harvest Fisheries*

Atle Guttormsen

[069] *Faustmann in the Sea, Optimal Rotation in Aquaculture*

Ruangri Tokrisna, Wanlee Charoenwittanadech

[075] *Bangkok Buyer Decision on Pla Tubtim (Oreochromis sp.)*

Timothy Dalton, Kate Waning

[081] *Bioeconomic Assessment of Alternative Cold-Water Aquaculture Species: Early Life Stages*

Chin-Hwa Sun, Fu-Sung Chiang, Jin-Mey Yu

[121] *Technical Efficiency Analysis of the Milkfish (Chanos chanos) Production in Taiwan - An Application of the Stochastic Frontier Production Function*

Nikolas Wada, Christopher Delgado, Mahfuzzudin Ahmed

[157] *Environmental Tradeoffs Between Aquaculture and Capture Fisheries*

Beverly Cook

[181] *Atlantic Salmon Aquaculture Canada-US Management in the Bay of Fundy*

R C Katoch, Subhash Verma (Presenter) Mandeep Sharma, Deepak Pathania, Vinod Sharma, Pooja Soneja

[259] *Impact of Infectious Diseases On Sustainability of Cultured Fisheries- Understanding Relationship Between Host, Pathogen and Environment*

Theme G: Theoretical and Empirical Bio-Economic Modelling

B J Revell, S Pascoe (Presenter)

[002] *A Comparative Evaluation of the Estimation of Effort-Profit Relationships in the Scottish Demersal Trawl Fishery*

Nassir Niamaimandi

[009] *Population Dynamics of the Tigertooth Croaker, *Otilithes ruber* in the Persian Gulf*

H F Campbell, Jos Kennedy, A Mcilgorm

[010] *Conservation and Optimum Utilization of Southern Bluefin Tuna*

Lee Anderson

[038] *Open Access Performance When Vessels Use Profit Goal Behavior*

J J Garcia Del Hoyo, D Castilla-Espino (Presenter), Md Gonzales Galan, R Jiminez-Toribio, C Cortes-Rodriguez

[050] *A Stochastic Frontier Model to Determine Technical Efficiency of the Purse Seine Fishery in the Gulf of Cadiz (Spain)*

Toyokazu Naito

[052] *An Empirical Study of Common Property Resource: the Case of the Western-Central Pacific Ocean*

Charmaine Gallagher, Gilbert Sylvia

[057] *Optimization Model for the Oregon Ocean Shrimp Fishery*

Tuong Nhu Che, Tom Kompas

[064] *Efficiency Gains and Cost Reductions from Individual Transferable Quotas: A Stochastic Cost Frontier for the Australian South East Fishery*

Tom Kompas, Tuong Nhu Che

[065] *Catch, Efficiency and the Management of the Australian Northern Prawn Fishery*

Daniel Holland, Jean-Jacques Maguire

[078] *Optimal Effort Controls for the Multispecies Groundfish Complex in New England*

Erik Lindebo, Ayoe Hoff, Niels Vestergaard

[079] *Economic and Physical Measures of Capacity: A Comparative Analysis of Danish Trawlers*

Michael Harte, Sherry Larkin, Gilbert Sylvia

[080] *Optimal Exploitation and Management of A Highly Variable Fishery: Preliminary Results from the Falkland Islands Loligo Squid Fishery*

Kevin Fox, Quentin Grafton (Presenter), Tom Kompas, Tuong Nhu Che

[083] *Measuring Economic Performance in A Fishery: An Index Number Profit Decomposition*

Z D Steenkamp, S Uulenga

[086] *Bioeconomic Modelling of the Namibian Rock Lobster*

Per Sandberg, Kjell Harald Nedreaas

[093] *Improving the Exploitation Pattern in the Fishery for Northeast Arctic Saithe (Pollachius Virens)*

Hakan Eggert, Peter Martinsson

[126] *Are Commercial Fishers Risk Lovers?*

Frank Asche, Trond Bjorndal, Daniel Gordon

[134] *Over-Capacity, Regulation and Rent: A Norwegian Case Study*

Paul Hillis

[140] *Evolution of Profitability and Fisher Attitudes 1990 - 2000 in the Irish Sea, - An Overfished Fishery*

Sean Pascoe, Ines Herrero, Simon Mardle

[159] *Identifying Non-Recorded Catch in Fisheries Output Data Using Dea*

Martin Smith, James Wilen

[160] *State Dependence in Modelling the Spatial Behavior of Renewable Resource Users*

Ines Herrero, Sean Pascoe (Presenter)

[161] *Analysis of the Mix Efficiency of the Spanish Deep Trawl Fleet*

Simon Mardle, Sean Pascoe, Jean Boncoeur, Bertrand Le Gallic

[174] *Analysing Stakeholder Preferences On Multiple Objectivess in A Bioeconomic Model of the Fisheries of the English Channel*

Noel Roy

[185] *A Stochastic Production Frontier Model of the Newfoundland Snow Crab Fishery*

Frank Asche, Hakan Eggert, Ragnar Tveteras (Presenter)

[189] *Aggregation Level and Prediction of Fishing Vessel Behavior and Productivity*

David Sampson, Yong-Woo Lee

[190] *Evaluating the Accuracy of Trawl Logbook Estimates of Groundfish Discards*

Larry Perruso, Sherry Larkin

[193] *A Dual Production Analysis of a Multispecies Fishery: The Case of the U.S. Atlantic Longline Fleet*

Roberto Enrique-Andrade, Juan Vaca-Rodriguez

[199] *The Use of "Generating Techniques" in Fishery Policy Analysis: Study Case for the Yellowfin Tuna Fishery*

Ola Flaaten

[207] *A Lecture Note On the Economics of Fish Stock Investment*

Diana Tingley, Sean Pascoe

[211] *Factors Affecting Technical Efficiency in Fisheries: Stochastic Production Frontier 'V' Data Envelopment Analysis Approaches*

Rainer Klepper, Rolf Lasch

[213] *Herring - An Alternative to Decreasing Baltic Cod Quotas? - Model-Based Analysis of the Profitability of Herring Fishery*

Jung-Hee Cho, J M Gates

[222] *Evolution of an FMP: the Atlantic Herring Fishery Management Plan*

Sebastien Metz

[249] *The Short-Run Viability of Fishing Vessels: the Case of the French Norway Lobster Fishery in the Biscay Bay*

Sean Pascoe, Louisa Coglan, Ben Cattermoul

[263] *Impact of Skipper Characteristics and Technology On Individual Fisher Technical Efficiency*

Graeme Doole, Robert Alexander

[267] *The Optimal Recovery of A Semelparous Fish Population With Delayed Recruitment*

Viktoria Schneider, David Pearce

[271] *What Saved the Whales? An Economic Analysis of 20th Century Whaling*

Theme H: Future Paths for Rights Based Fisheries Management

Oumarou Njifonjou, Benedict Satia, Konan Angaman

[015] *Fisheries Co-Management and Poverty Alleviation in the Context of the Sustainable Livelihoods Approach: A Case Study in the Fishing Communities of Aby Lagoon in Cote D'ivoire*

John Mckinlay

[040] *Enforcement Program Optimisation through Adaptive Management*

Martin D Smith

[048] *Limited Entry Licensing and Adaptive Management: Insights from Duration Modelling*

Frank Millerd

[062] *Turning Points in the Development of the British Columbia Salmon Fishery*

Richard Newell, James Sanchirico, Suzi Kerr

[082] *An Empirical Analysis of New Zealand's ITQ Markets*

Jose Perez Agundez, Jean Claude Brethes

[095] *Parallel Collapses of Canadian Cod (Gadus Morhua) and European Hake (Merluccius merluccius) Fisheries: "Chronicle of a Death Foretold"*

Tracy Yandle

[098] *The Challenge of Building Successful Stakeholder Groups: New Zealand's Experience in Developing a Co-Management Regime*

Ching Ta Chuang, Yao-Hsien Lee, Chin -Chen Chen

[102] *Participation in Vessel Buyback Programs: An Option Value Model of the Vessel-Scrapping Decision*

Hao-Ting Liu, Ching Ta Chuang (Presenter), C W Chang

[103] *A Feasibility Analysis of Implementing the Closed Fishing Seasons On the North-East Coastal Fisheries in Taiwan -- An Application of Fisheries Co-Management*

Takeshi Hidaka

[112] *Institutional Changes to Fisheries Management Systems Caused By the TAC in Japan*

Michelle James

[127] *Co-Management and Beyond: the British Columbia Experience*

Kim Drummond, Nick Wyatt (Presenter)

[129] *Fisheries Plans: A Path to Greater Stakeholder Responsibility?*

Jonathan Peacey

[130] *Managing Catch Limits in Multi-Species, ITQ Fisheries*

Warwick Sauer, Horst Kleinschmidt, Peter Britz

[132] *Reconciling Equity and Stability in the South African Fishing Industry*

Gina Straker, Suzi Kerr, Jo Hendy

[135] *A Regulatory History of New Zealand's Quota Management System: Setting Targets, Defining and Allocating Quota*

Ellen Hoefnagel

[150] *Corporatist Origin of the Dutch ITQ Co-Management System*

Jesper Raakjaer Neilsen, Christoph Mathiesen

[151] *Stakeholder Preferences for Management of the Danish Protein Fisheries in the North Sea*

Asgeir Danielsson

[155] *Biological Information, Profitability of Fisheries and Lease and Asset Prices for ITQs in Iceland*

Ralph Townsend

[172] *The Role of Coasian Bargaining in Efficient Fisheries Management*

Rebecca Metzner

[183] *Multi-Disciplinary, Multi-Faceted Approaches to Fisheries Management: Do We Need All This?*

Randall Bess

[204] *Expanding New Zealand's Quota Management System*

Bjorn Hersoug

[208] *Limits to Co-Management- the Case of New Zealand*

Bjorn Hersoug

[209] *The Closing of the Norwegian Commons*

Jesper Raakjaer Neilsen, Poul Degnbol, K Keperan Viswanathan & Mahfuzuddin Ahmed

[216] *Fisheries Co-Management - An Institutional Innovation Perspectives and Challenges Ahead*

Jay C Ginter, Ben Muse

[219] *Rights - Based Fishery Management Systems in Marine Fisheries Off Alaska*

David Cashmore, Bruce Shallard, Andrew Gibbs, Paul Fernyhough

[220] *Implementing Change in Fisheries Management: Principles and Case Study*

Russell Burnard, Lesley Campbell, Bruce Shallard

[227] *Devolution of Fisheries Administrative Services in New Zealand - A Case Study*

Pascal Raux, Sébastien Metz, Denis Bailly

[234] *A Group Analysis of Fishermen Perception of the Stakes for the Future of Fisheries in Europe: Results of a Postal Survey*

Tom McClurg

[251] *Foundations for Effective Marine Ecosystem Management*

James Stewart, Peter Callagher

[264] *Trends in Ownership Structure in the New Zealand Fishery*
