

**Food Safety Trainings, Train-the-Trainer for Berry Growers - 2017  
Sponsored by the Oregon Blueberry Commission**

**Food Safety Workshops**

**Instructor:** Luisa Santamaria – Extension Plant Pathologist – OSU NWREC  
luisa.santamaria@oregonstate.edu

**Workshop Objectives:**

- Review good agricultural practices to reduce the risk of food contamination.
- Provide updated information and resources to train other workers or employees handling food and produce.
- Present a brief review of the Proposed Produce Rule under the FDA Food Safety Modernization Act.

**Target audience:** This class is for everyone responsible for training harvest workers, berry processing workers, or anyone interested in reviewing food safety practices.

**Training Locations: Two sessions per location:**

**In English: 9am – 12pm**

**In Spanish: 1pm – 4pm**
