PTW: Potato Tuberworm

BLH: Beet Leafhoppers

FYI

Did you know that?

- Zebra Chip is a new and emerging disease of potato in southwestern US?
- The potato psyllid is the insect vectoring the disease
- It has not been found in OR or WA yet

You're invited to HAREC's Centennial

Celebration! On June 30, 2009 at 2:00pm the public is invited to attend an afternoon of tours through laboratories, field research, exhibitions, and fun for children. A formal presentation will start at 6:00pm. A free barbeque and entertainment will follow.
