

## ***APPENDIX C***

### ***Pre-workshop Focus Questions***

*Note: This survey was sent by email to all invited participants.*

The following questions have been developed to help you consider the key issues that will be addressed at the "Training Managers for 21<sup>st</sup> Century Fisheries" Workshop. Please provide brief lists of responses to each question. We will compile the responses and include a summary in the registration packet.

Please return this questionnaire via email to Sandra Diesveld (sandrada@seafood.co.nz) no later than November 21.

1. List three to five important challenges that fishery management will face over the next quarter century.

- 1.
- 2.
- 3.
- 4.
- 5.

2. List three to five skills that managers will need in order to successfully address these challenges.

- 1.
- 2.
- 3.
- 4.
- 5.

3. Describe up to five educational/training strategies that will support the development of these skills.

- 1.
- 2.
- 3.
- 4.
- 5.

4. List three to five incentives, rewards, responsibilities, or changes in the working environment necessary to attract and retain successful managers of 21<sup>st</sup> century fisheries.

- 1.
- 2.
- 3.
- 4.
- 5.

5. List three to five actions that your organization can take individually, or in cooperation with other groups, to support development of the education, skills, and rewards/incentives necessary for successful management of 21<sup>st</sup> century fisheries.

- 1.
- 2.
- 3.
- 4.
- 5.

6. Please indicate the country(s) in which you have had your primary experience in fisheries \_\_\_\_\_.

7. Please select the sector(s) in which you have been employed in fisheries.

Circle all that apply:

- a. Private industry
- b. Government
- c. Academia
- d. Other \_\_\_\_\_
