Larry,

Here are the MOUs. The web page for the MOU guide is:
http://oregonstate.edu/ap/curriculum/MOUs/indexmou.htm

I just received the signature page for Psych from John Edwards (Psych Chair) and Larry Rodgers (CLA Dean) so that’s a good thing. It’s in transit from College of Science as well.

The articulation table we have been relying on is:
http://oregonstate.edu/admissions/transfer/articulation_1160.html

Please let me know if you have questions and/or comments. Thank you again for your assistance Larry.

Frank sent me some edits for the MOU:
1. PSY 456 Social Development is accidentally omitted from the Major Requirements Audit Sheet. It's included in the Minor Sheet, and is taught by one of the adjuncts.
2. PSY 302 appears as a course being taught by Chris Wolsko. I'm assuming it should read PSY 301.
3. PSY 492 is listed as Conservation Psychology in the Major Requirements Audit Sheet, but is called "Environmental Psychology" as a course taught by an adjunct, Kathy Hoyt.

Students must complete BI 101-103 to articulate as BI 102, 103 and BI 211-213 to articulate as BI 212 and 213. So we're good to go on that question you had. I've included the three course sequences on the audit sheets in the MOU. I think we discussed everything else on Skype.

Let me know your comments and we'll go from there. I think we're getting really close. When can we expect to have the supportive faculty committee letters?

Take care John!

Yeah, have them talk to Mike Crowley <j.michael.crowley@oregonstate.edu>. Ultimately, we'll need to see syllabi to make a judgment.

Hi Natalie - I'm just back from Redwoods so just now catching up on emails. I'm sure I'll need to get over to Bend at some point, I actually already suggested this to Becky. It'll be good to see you again. Hopefully we can get these folks in place and contributing soon.

have worked together and I do look forward to it. Perhaps you'll decide you
need/want to come over to Bend for some of the work.
