About The Campus Diversity Survey

You have been selected to participate in The Campus Diversity Survey. The Regional Consortium for Multicultural Education is conducting this survey. Institutions represented in this consortium include College Misericordia, King’s College, Wilkes University, University of Scranton and Marywood University. The purpose of this multi-campus survey is to assess local college students’ attitudes, behaviors and experiences regarding multiculturalism.

Your participation will involve the voluntary completion of a five-part questionnaire; only those students who have experience as a member of a subgroup will be requested to complete a sixth section. The questionnaire will take approximately 15-20 minutes to complete. Part 1 of the survey contains background information about you; Parts 2 through 5 contain questions about your campus experiences, attitudes and behaviors related to diversity. For those students who are members of particular multicultural subgroups, a few specific questions are asked in Part 6 of the survey. The purpose of these questions is to determine the nature of student’s experiences as a member of a particular subgroup on your campus.

You should complete this questionnaire only once. If you are a member of several classes or groups who are asked to complete the questionnaire, do not complete the questionnaire a second time. Your responses will be completely anonymous, since there is no way to link the responses from completed questionnaires with any particular respondent. It is anticipated that your participation in completing this survey will be an interesting experience that will contribute to understanding more about diversity issues and multiculturalism on our local college campuses. The content of some of the items on the questionnaire may raise your level of awareness of certain feelings; otherwise, there are no expected risks or benefits associated with your participation. You may choose to withdraw your participation at any time; however, the return of your completed questionnaire will be considered as your consent to participate in this survey.

Pleas answer all questions on the survey as directed. Once you have completed your survey, place it in the pre-addressed envelope provided by the student volunteer/researcher. Student volunteers/researchers must collect all questionnaires in the envelope provided, seal the envelope and return it to the campus collection site indicated on the front of the envelope.

Thank you for taking the time to complete this questionnaire.
