From: Sarah Williams in APAA

We are updating our Policies and Procedures, which generally have been created by the Curriculum Council, the Graduate Council, and other Faculty Senate committees over the years. Here is the website within Academic Programs, Assessment, and Accreditation:

I would like The Graduate School’s and or the Graduate Council’s advice or input on the following policy, since it was last revised on June 12, 2001:

Certificates - Graduate

A graduate certificate is defined in the OSU Catalog (** see below) as "a structured progression of graduate-level courses that constitute a coherent body of study with a specific defined focus within a single discipline or a logical combination of disciplines. It is designed for students who have completed a baccalaureate degree and are in pursuit of advanced-level learning." A graduate certificate requires a minimum of 18 graduate credits, and may include a final project, portfolio, or report for integration of the sequence of course materials. Up to 8 quarter credits may be transferred toward an 18-credit graduate certificate.

A designated graduate certificate program coordinator oversees each individual program. The program coordinator is responsible for all aspects of administration of the program—applicant screening, admissions recommendations, and annual reporting to the graduate school. Annual reports will briefly summarize program status and provide statistics on enrollment and student progress. The Graduate School is responsible for certification of program completion.

Students must be admitted to the university, either into a graduate degree program or into a graduate certificate program. This requires that the student hold a four-year baccalaureate degree from an accredited college or university. Individual certificate programs may specify additional requirements, including minimally acceptable grade point averages. Students may be reclassified as "advanced degree students" by following the procedure listed in the Graduate Student Information section of the OSU Catalog. Credit earned at OSU prior to admission to the certificate program may be applied toward a certificate as transfer credit, per current graduate credit transfer policy.

Courses and certificates completed will be transcripted by the university registrar as a part of the student’s permanent university record. The certificate is awarded when all course material is satisfactorily completed and a cumulative grade point average of 3.00 has been attained for all courses to be used toward the certificate. Award of a separate document suitable for framing will be at the discretion of (and will be the responsibility of) the unit administering the program.

Credits earned in fulfillment of a certificate program may be applied to a graduate degree program at OSU, so long as they meet the appropriate standards for use in the degree and the criteria for transfer credit as defined in the Graduate Student Information section of the OSU Catalog. Courses completed for a degree program may likewise be applied toward a certificate program. Courses completed no more than 7 years prior to the certificate award date may be used to satisfy requirements.

Proposals to establish a new undergraduate certificate follow the OUS Outline for New Certificates [sic: no longer available] and are approved via the Category I approval process [broken link: see: http://oregonstate.edu/admin/aa/apaa/academic-programs/curriculum/category-1-proposals].
**In fact, the current language in the OSU Catalog is as follows:**

The graduate certificate curriculum consists of a minimum of 18 graduate credits, and may include a final project, portfolio, or report for integration of the sequence of course materials. All graduate student programs of study submitted to the Graduate School must consist of, at a minimum, 50 percent graduate stand-alone credits. The remaining credits may be the 500 component of 400/500 slash courses. No final examination is required.

We would like to have the most current information about Graduate Certificates in our Policies, in language consistent with the Catalog and approved by both the Graduate School and the Graduate Council.
