Test Description	Price	Test Description	Price
<b>ABORTION SCREENS</b>		<b>BACTERIOLOGY/MYCOLOGY</b>	
Bovine	\$ 75.00	<b>Fungi</b>	
Camelid	\$ 85.00	Culture - dermatophytes (incl. KOH)	\$ 21.00
Dog or Cat	\$ 60.00	Culture - other fungi	\$ 14.00
Equine	\$ 85.00	Dermatophyte ID	\$ 10.00
Ovine or Caprine	\$ 40.00	Fungal ID	\$ 10.00
Porcine	\$ 55.00	<b>BACTERIOLOGY - BOVINE MILK</b>	
Selenium analysis as appropriate for the species is available at additional cost		Standard milk culture *	\$ 13.50
<b>ANATOMIC PATHOLOGY</b>		Antibiotic sensitivity	\$ 13.50
<b>Necropsy - Environmental Surcharge on All Necropsies</b>		Mycoplasma ONLY * (1-3 each, additional samples each \$6.00)	\$ 15.00
<1# = \$0.00, 1-50# = \$5.00, >50# = \$10.00		Staphylococcus ONLY *	\$ 6.00
Necropsy, Ag Animal - < 300#	\$ 55.00	Standard bulk tank *	\$ 29.00
Necropsy, Ag Animal - > 300#	\$ 95.00	Bacterial count: coliform, Mycoplasma, Staph. aureus, Strep. agalactiae, pasteurized	
* Bovine >30 months age=additional disposal surcharge	\$ 30.00	Bulk tank culture (excluding Mycoplasma)	\$ 23.00
Necropsy, Camelids & Horses - < 300#	\$ 70.00	* Please give lab 2-3 days advance notice for over 10 samples	
Necropsy, Camelids & Horses - > 300#	\$ 115.00	<b>CLINICAL PATHOLOGY</b>	
Necropsy, Cats & Dogs	\$ 70.00	<b>Cytology</b>	
Necropsy, Poultry & Farmed fish (up to 5)	\$ 30.00	C.S.F. analysis/evaluation	\$ 42.00
Necropsy, Small Animals (avian/fish/reptile/rodent, etc)	\$ 26.00	Fluid analysis/evaluation	\$ 35.00
Necropsy, Wildlife - < 300#	\$ 55.00	Slide evaluation	\$ 30.00
Necropsy, Wildlife - > 300#	\$ 95.00	Immunocytochemistry (includes cytology slides)	\$ 80.00
<b>Histology (includes H&amp;E, special stains, exam of tumor margins)</b>		<b>Hematology</b>	
Surgical biopsy, one site *	\$ 42.00	CBC - avian	\$ 24.00
* Includes multiple skin punch, uterine, & endoscopic biopsies from a single site		CBC - large animal	\$ 25.00
Surgical biopsy, each additional site	\$ 16.00	CBC - small animal	\$ 22.00
Surgical biopsy, complex trim, additional	\$ 10.00	<b>Individual tests</b>	
Surgical biopsy, labeled margins/margin study, per site	\$ 75.00	Ammonia	\$ 57.00
Muscle biopsy	\$ 65.00	BHBA ( $\beta$ -hydroxybutyrate)	\$ 15.00
Histo-necropsy specimens		Bile acids	\$ 40.00
Agricultural animal, wildlife	\$ 40.00	Ca, Mg, P (ocular fluid, serum)	\$ 20.00
Companion animal (horse/camelid/dog/cat)	\$ 47.00	Coomb's (canine & feline)	\$ 28.00
Small animal (avian/fish/reptile/rodent)	\$ 21.00	Cortisol, baseline (post \$20 each)	\$ 32.00
Frozen section, one stain	\$ 75.00	Cross-match, large animal (per donor)	\$ 35.00
Immunohistochemistry, per antigen	\$ 25.00	Cross-match, small animal (per donor)	\$ 30.00
ASAP surcharge	\$ 15.00	D-dimer	\$ 25.00
STAT surcharge	\$ 25.00	Digoxin (canine)	\$ 40.00
<b>BACTERIOLOGY/MYCOLOGY</b>		Electrolytes (milk)	\$ 32.00
<b>Bacteria</b>		Electrolytes (serum, urine)	\$ 32.00
Antibiotic sensitivity test (routine Kirby-Bauer)	\$ 16.00	Equine IgG (ELISA)	\$ 25.00
Bacterial stains (Gram, acid-fast, Gimenez)	\$ 7.50	Glucose	\$ 12.00
Blood culture	\$ 14.00	NEFA (non-esterified fatty acids)	\$ 15.00
Chlamydia ELISA	\$ 27.00	Occult blood - feces	\$ 11.00
Clostridium difficile toxin A&B	\$ 18.00	Progesterone	\$ 25.00
Clostridium fluorescent antibody exam	\$ 21.00	PT (prothrombin time)	\$ 21.00
Clostridium perfringens enterotoxin	\$ 18.00	PTT (partial thromboplastin time)	\$ 25.00
Culture - aerobic	\$ 20.00	Reticulocyte count	\$ 17.00
Culture - anaerobic	\$ 17.00	SDH (sorbitol dehydrogenase)	\$ 15.00
Culture, fecal - Campylobacter sp.	\$ 15.00	Sperm count	\$ 20.00
Culture, fecal - Salmonella sp.	\$ 15.00	Total T4 (canine, feline, equine, camelid)	\$ 25.00
Culture - Listeria	\$ 20.00	Urinalysis	\$ 20.00
Culture - Mycoplasma	\$ 17.00		
Leptospira fluorescent antibody exam	\$ 26.00		
Microscopic exams (KOH, darkfield)	\$ 8.50		
Serotyping - E. coli (K-99, K-88), Salmonella	\$ 14.00		

Test Description	Price	Test Description	Price
<b>CLINICAL PATHOLOGY - continued</b>		<b>SEROLOGY - continued</b>	
<b>Profiles</b>		Equine Viral Arteritis (EVA) ***	\$ 10.50
Avian/Reptile Health Screen	\$ 45.00	Feline Infectious Peritonitis (FIP-1)	\$ 22.00
Coagulation Screen	\$ 50.00	IgG: bovine, llama, ovine - RID	\$ 14.00
DIC Screen	\$ 75.00	IgG: equine - enzyme immunoassay	\$ 25.00
Large Animal Complete	\$ 38.00	Leptospira (five serovars) **	\$ 16.00
Large Animal Lipid	\$ 38.00	Llama Adenovirus ***	\$ 12.50
Large Animal Liver	\$ 27.00	Neospora caninum **	\$ 21.00
Large Animal Metabolic	\$ 57.00	Ovine progressive pneumonia **	\$ 9.00
Large Animal Musculoskeletal	\$ 25.00	Porcine Reproductive & Respiratory Syndrome *	\$ 18.50
Large Animal Renal	\$ 27.00	Potomac Horse Fever (E. risticii)	\$ 24.00
Small Animal Complete	\$ 35.00	Toxoplasma *	\$ 16.00
Small Animal Liver	\$ 27.00	WNV IgM ELISA (equine only)	\$ 12.00
Small Animal Renal	\$ 25.00		
<b>MOLECULAR DIAGNOSTICS</b>		*Each additional test from the same herd at the same time \$4.75/test	
<b>PCR</b>		**Each for the first 3 tests, each additional test \$4.75/test	
Clostridium perfringens PCR (requires anaerobic culture)	\$ 40.00	***Each for the first 3 tests, each additional test \$6.25/test	
Equine Herpesvirus 1 PCR (neuropathogenic & wild type)	\$ 40.00	<b>VIROLOGY</b>	
Equine Herpesvirus 1 & 4 PCR	\$ 35.00	Electron Microscopy for Virus Detection	\$ 33.00
IBR, BVD, BRSV, PRRS (price per agent)	\$ 30.00	<b>FA Exam</b> (price per agent)	
Leptospira PCR	\$ 30.00	IBR, BVD, PI-3, BRSV, EHV-1, EAd, CHV-1, CDV, PPV, TGE, FHV-1, FCV	\$ 20.00
Mycoplasma haemolamae Real Time PCR	\$ 30.00	<b>FA Exam - Rabies</b>	
NDV/END, AIV/H5/H7 (price per agent)	\$ 40.00	In state	\$ 65.00
WNV Nested PCR	\$ 40.00	Out-of-state	\$ 80.00
WNV Real Time PCR for Avians	\$ 30.00	<b>BVD Ag capture ELISA</b> (unfixed ear notch or serum)	
<b>PARASITOLOGY</b>		Up to 6 samples (same herd/same time)	\$ 31.50
Cryptosporidia exam	\$ 11.50	Each additional sample	\$ 5.25
Fecal parasites - Baermann (lungworm)	\$ 11.00	>25 samples herd discount \$5.00 each	\$ 5.00
Fecal parasites - McMaster (float)	\$ 13.00	<b>BVD-IHC</b> (fixed ear notch)	
Fecal parasites - Sugar centrifugation	\$ 20.00	Up to 6 samples (same herd/same time)	\$ 37.50
Fluke examination	\$ 17.00	Each additional sample	\$ 6.25
Giardia FA	\$ 21.00	<b>Virus isolation</b>	
Giardia (iodine mount)	\$ 11.50	Tissue, 3 samples	\$ 40.00
Haemonchus contortus ID (concurrent Sugar centrifugation)	\$ 10.00	Bovine/Equine WBC, 3 samples	\$ 40.00
Heartworm (Knott's)	\$ 11.50	Each additional sample	\$ 15.00
Heartworm (ELISA)	\$ 12.00	Camelid WBC, 3 samples	\$ 45.00
Mite examination	\$ 12.00	Each additional sample	\$ 20.00
Trichomonas culture	\$ 12.00	<b>GENERAL</b>	
Trichomonas pouch exam	\$ 7.50	Accession fee	\$ 5.00
Wet mount microscopic exam	\$ 6.50	Handling fee	\$ 12.50
<b>SEROLOGY</b>		Sample preparation fee (i.e. blood forwarded to outside lab only)	\$ 2.50
Bovine Herpesvirus 1 (IBR) **	\$ 6.50	Shipping	\$ 20.00
Bovine Parainfluenza-3 (PI-3) **	\$ 6.50		
Bovine Respiratory Syncytial Virus (BRSV) **	\$ 6.50	Samples received for testing not performed at the OSU VDL will be	
Bovine Virus Diarrhea 1 (BVD-1) **	\$ 6.50	forwarded to an appropriate AAVLD accredited laboratory.	
Bovine Virus Diarrhea 2 (BVD-2) **	\$ 6.50	Please call our office for test information and associated fees.	
Brucella canis	\$ 14.00		
Brucella ovis **	\$ 14.00		
Caprine Arthritis-Encephalitis (ELISA) *	\$ 15.00		
Equine Adenovirus ***	\$ 10.50		
Equine Herpesvirus 1 (Eq.Rhinopneumonitis) ***	\$ 10.50		
Equine Influenza 1 (H7N7 Prague) & 2 (H3N8 Miami)***	\$ 31.50		
Equine Protozoal Myeloencephalitis (EPM)	\$ 52.00		
Equine Rhinitis-A (ERV-4) ***	\$ 10.50		

**Fees are subject to change without notice**
