Admissions Agreement

You must agree to the terms below, or you will be directed back to the Application Menu page and your application will not be submitted. If you have questions, contact information can be found in the HELP link above.

I have read this application and certify that the statements I have made on this application are correct and complete, including a report of all college work attempted or completed and that the written statements submitted with this application were written exclusively by me. My admission and continuing status at OSU is conditional on such completeness and truthfulness. I understand that withholding information requested on this application, including attendance at any other institution, or giving false information may make me ineligible for admission to the university or subject to dismissal.

By agreeing to the terms I am acknowledging that the application fee is non-refundable, I also understand that if I am admitted to OSU and do not enroll for the term to which I am admitted AND I wish to apply for another term, I must notify the Office of Admission (undergraduate, post-baccalaureate, and non-degree undergraduate applicants) or the Graduate School (graduate applicants and non-degree graduate applicants) in writing to update my file if I am applying in the same academic year (Summer, Fall, Winter, or Spring). Term changes can be made only within the same academic year as the original application term. I understand that I must submit a new application and fee if I wish to apply for admission within a different academic year.

Please note that academic performance is not the sole criterion for admission to the university. The university may evaluate a person’s behavior and background to determine their ability to maintain the standards of academic and professional conduct expected at the university. An evaluation may take into consideration current behavior and performance as well as past experiences and actions. Simply qualifying for admission does not guarantee admission.
