- Therapeutic Horticulture
- Zoology

OREGON’S #1 RESEARCH UNIVERSITY
Oregon State faculty and students earned $440 million in research funding in 2019 to address global issues like climate change, health, food supply, renewable energy and advanced technology. Even as an undergraduate, you can make real contributions to faculty research. Or, you can pursue — and possibly get funding for — a research project of your own.

#2 FORESTRY, #3 OCEANOGRAPHY IN THE WORLD
Our four research forests and a boatload of academic and research opportunities on the Oregon Coast can take your learning far beyond the classroom.

(Center for World University Rankings, 2017)

#1 TRANSFER DESTINATION
More students transfer to Oregon State University than any other college in Oregon. Take a transfer-specific tour to see why Oregon State is the destination of choice for transfers.

BEST COLLEGE TOWN IN THE PAC-12
Corvallis is known for its innovation, friendly atmosphere, entertainment, education and livability.

OUR GRADUATES PASS THE TEST
Oregon State graduates earn high pass rates on their licensing exams:
- *98% for veterinary medicine
- *91% for pharmacy
- *90% for engineering
- *100% for dietetics
- *100% for athletic training

NO CAPPED MAJORS
Pursue your academic and career goals without limits. Oregon State does not have enrollment caps or impacted majors.

PRE-LAW
You can prepare for admission to law school with any undergraduate major. However, certain majors and specific courses may be especially useful in developing your skills in analytical and critical thinking, logical reasoning, and written and oral communication. The School of Public Policy offers pre-law advising to students of all majors.

PRE-MEDICINE
Oregon State graduates have a 75 percent acceptance rate into medical school. You can apply to medical school with any major, as long as required Pre-Med courses are completed. Pre-Med student chooses majors in Science (BioHealth Sciences, Biology, Biochemistry)/Biophysics, Biochemistry/Molecular Biology, Chemistry, Microbiology, Zoology), Engineering (Bioengineering, Chemical Engineering, Radiation Health Physics), Public Health and Human Sciences (Kinesiology, Nutrition, Public Health) and Liberal Arts (History, Music, Psychology). For more information visit: premed.oregonstate.edu

PRE-PHARMACY
Most Pre-Pharmacy undergraduates choose College of Science majors. A common choice is BioHealth Sciences with a Pre-Pharmacy option.

PRE-VETERINARY MEDICINE
Pre-Veterinary Medicine preparation is available in the College of Agricultural Sciences (Animal Sciences) and the College of Science (Biology).

TEACHER EDUCATION
The undergraduate Education Double Degree must be paired with the choice of a primary major.

UNIVERSITY EXPLORATORY STUDIES
You don’t have to decide on a major right away. Exploratory Studies can help you through the process of finding what you want to study while keeping you on track toward graduation.

HONORS COLLEGE
The Honors College is open by selective admission to undergraduate students from all academic majors.
DEGREE PARTNERSHIP PROGRAM

The Degree Partnership Program is a collaboration between Oregon State University and our community college partners across Oregon and Hawaii. DPP provides a more flexible pathway for incoming and current students to earn an Oregon State bachelor’s degree.

Advantages of Degree Partnership Program enrollment:
• Concurrent enrollment at Oregon State and the community college
• Lower tuition costs
• Access to academic advising at both Oregon State and the community college
• One application and one application fee
• Ability to combine courses at both institutions to count toward full-time enrollment for financial aid eligibility (for qualified students)
• Increased flexibility in scheduling with access to more classes through the community college, on-site at Oregon State and with online courses offered through OSU Ecampus
• Access to libraries, computer labs and other services on both campuses
• Eligibility to live in on-campus residence halls and participate in campus dining plans

View more information at partnerships.oregonstate.edu.

TRANSFER CREDIT

Oregon State provides extensive tools to help you see what credits might be transferred from your previous institution(s). Use these resources to become more informed about what transfer credit you can expect to become part of your Oregon State record. Access these tools at transfer.oregonstate.edu.

2020-21 ESTIMATED EXPENSES

- Resident tuition $12,165
- Nonresident tuition $32,355
- Housing and meals $13,200
- Personal expenses $2,166
- Books and supplies $1,200
- Transportation $576

COME VISIT, AND YOU’LL WANT TO STAY

The lush landscapes, bustling bikeways, historic buildings and vibrant campus life you see in pictures are even better when you experience them in person. On a campus visit, you can take a student-led tour, check out the residence halls, meet faculty and students and learn about our academic programs. And if you can’t come to campus, you can still get a personalized virtual visit. Come see us — in person or on your screen.

SCHEDULE A PERSONALIZED VISIT:

ADMISSIONS CRITERIA

Oregon State’s admission requirements promote student success by holistically assessing student preparedness and academic potential in the unique context of each student’s personal experience. Admission assessment will consider academic achievements and life experiences to enroll students with a broad range of characteristics and perspectives.

A STRONG TRANSFER APPLICATION TYPICALLY INCLUDES:

Completion of 24 or more quarter credits OR 16 or more semester credits. Students with fewer credits will also be evaluated on their high school work in most cases.

A cumulative GPA of 2.25 or higher. Note that grades from courses taken more recently are given more weight than grades earned years ago.

Completion of college-level writing equivalent to WR 121 (English Composition) with C- or higher.

Completion of college-level math equivalent to MTH 111 (College Algebra) or MTH 105 (Contemporary Math) with a C- or higher.

Please note that academic performance is not the sole criterion for admission to Oregon State. The university may evaluate a person’s behavior and background to determine their ability to maintain the standards of academic and professional conduct expected at the university. An evaluation may take into consideration current behavior and performance as well as past experiences and actions. Simply qualifying for admission does not guarantee admission.

For more information about admission to Oregon State or to speak to a transfer advisor, visit transfer.oregonstate.edu.

Since coming to OSU I’ve found people and communities that have not only transformed the way I critically think about the world around me, but have allowed me to be myself.

AMMARA MOLVI ’20
PUBLIC HEALTH/PRE-MED
HONORS COLLEGE

Oregon State University in Corvallis, Oregon is located within the traditional homelands of the Marys River or Ampinefu Band of Kalapuya.
